Law Firm!

## **Thank you for voting us “Best Attorney” 2020!**

The Irving Law Firm was established over 19 years ago. John Irving, the managing partner believes that his law firm is more than just a business, it is family and community driven enterprise that should strive to bring positive change and direction to individuals and families residing in Northern Virginia. In addition to providing legal necessities to residents of our community, we are fortunate to participate and commit time to various organizations locally.

Our unwavering commitment has propelled and defined our purpose. We believe it was instrumental in our business being voted “Best Attorney” of Inside NOVA Prince William County 2020. The team at The Irving Law Firm includes attorneys and staff who have worked in private and in non-profit sectors, entrepreneurial ventures, as police officers and in non-profit organizations. The firm approaches each case with the bedrock principle that people matter, and strives to ensure that each individual is treated well during their time with the firm.
