I learned how to make these cute vintage medallion embellishments years ago. I have been using them on my Christmas items. Use the templates below if you don't have punches.

Supplies used:

Any paper that has cute designs on it
Music paper or text pages from books

Glitter paper

White glue

E6000

Circle punches, die cuts, compass or anything that you can trace around that is a circle.

Cut picture out and use white glue to adhere to a larger circle cut from music paper or book page and then layer onto a larger scalloped circle of glitter card stock using E6000.
