Description of Incident

Provide a description of the incident and how you (or those you are filling this out on behalf of) were victimized. Provide information not captured elsewhere in this complaint form:

Dear Kash Patel FBI,
[REDACTED]

I am reporting fraud and abuse by the Florida Department of Health (DOH) and Board of Osteopathic Medicine (FBOM) for issuing me FL duplicate medical license, without attestation, with issuance dates of January 3, 2024 (control number 96742) and February 17, 2024 (control number 100788), raising validity and legal concerns, and then dragging me to disciplinary court under one while refusing to explain the other, after my whistleblowing on Teladoc's [REDACTED] [REDACTED] more. Additionally, I have two SSNs (reported to the FBI prior), was listed as an orthopedic

surgeon online ~2023, and was listed as an MD (not DO) on ABPN until recently. My NV, ND, WI, and MN licenses were canceled ~November 2023, after whistleblowing, without explanation.

The FL DOH and FBOM have failed to address these discrepancies, and continue their retaliatory lawsuit with a final hearing set for 11/14/25, via an in-absentia proceeding in direct violation of:

- § 456.073(4), Fla. Stat.
- § 120.57(1)(n), Fla. Stat.
- 2025 FL Supreme Court Precedent (Doe v. DOH): “Remote appearance is mandatory when in-person poses undue hardship or safety risk (KRP démarche + cybercage + government shutdown = undue hardship).”

CFL DOH counsel Morris’s \$42,898.61 cost motion is unheard-of in licensure cases and clearly retaliatory. Separate file systems were created for the lawsuit. This is not administrative error—it’s identity fraud and obstruction, designed to fabricate jurisdiction and silence me after 2.5 years of FBI cyber-imprisonment and torture. Legal Violations by FL DOH/FBOM include, but are not limited to:

- § 456.013(1)(a), Fla. Stat. – Mandates accurate, singular licensure records; duplicates are fraudulent.
- § 456.072(1)(f) – Prohibits deceptive practices in licensure by state agencies.
- § 120.68(7)(c) – Requires justification of irregularities upon demand; refusal is bad-faith obstruction.
- 18 U.S.C. § 1001 – False statements in federal-related proceedings (licenses tied to fraud).
- 18 U.S.C. § 1519 – Altering or concealing records to impede investigation.

Please investigate the FL DOH, FBOM retaliation, fraud, defamation, and other crimes.

Broader FBI/DOH/FBOM Complicity:

If the FL DOH/FBOM initiated this retaliatory torture experiment with the Biden FBI rot, under a pretext of a sealed investigation, then please investigate why the United States allows healthcare investigations to

proceed with physician imprisonment to their residence for 2 years, cyber-caging (rigged apartment, 24/7 surveillance), psychological and psychotronic torture (sewage flooding, 110 dB drilling, biopsy sabotage, \$50k Baker Act without BA-32), suicide prompts, framing me as delusional to cover Teladoc fraud investigation, preventing legal aid and more—breaking U.S. laws and the Constitution for years. Was there no other way to investigate, or was this simply a plot to silence and kill the whistleblower, as it clearly appears? Methods mirror China's state repression. Full details at <https://thepocw.com/>.

I request immediate investigation, license restoration, and prosecution. Finland has a démarche pending, and Portugal's Polícia Judiciária and Interpol found these tactics appalling. Clearly, the international community does not agree with these Biden-era investigative methods.

Thank you for investigating the investigators.

Dr. Heidi Lahteenmaa, D.O.
