Impression

Presents for evaluation of a right breast mass present several years at least. Does not feel that it is growing. Mammogram and US reported as normal recently at Rayus.

Discussed that while the US and mammogram reports provided provide some reassurance, I believe that any mass of concern needs either immediate palpation guided biopsy or at the very least close clinical follow up with a breast surgeon for their expertise. Therefore, per national guidelines, I recommended referral to a breast surgeon and provided her the phone number to our breast center at Good Sam. She explained she would rather call rather than be called due to problems with her phone. Re-iterated importance of breast surgeon expertise and consideration for biopsy to examine for cancer. She expressed understanding and advised she would call Monday for appointment,

thank you kindly.

Total time spent face-to-face with patient including my assessment, time spent reviewing prior visits, communication from and with consultants, reviewing laboratory/pathology/imaging results as well as documenting the visit was equal to 45 minutes.

Oncology / Hematology Problems

New Oncology Problems/Diagnoses: 'Other abnormal and inconclusive findings on diagnostic imaging of breast(793.89/R92.8)'.

My health insurance was cancelled earlier this year, by someone, despite the payments having been linked to my bank account for the past ~5 years. I paid cash to get US and mammo at Rayas a few months ago, for enlarging breast mass. The receptionist told me they had been hacked themselves. The results came back showing no masses, despite there being an obvious palpable mass. I get a second opinion at FL cancer center with Dr. Friedman in Aug -24, who told me I "absolutely need a biopsy". He was not surprised one bit when I reported I had been cyber attacked, and when I questioned the Rayas results, and stated he sees this hacking "all the time" in his field. It is also concerning to see news reports as above. Due to me having difficulties with both making these appointments, as calls go to wrong numbers, and them getting cancelled, I feel it may be the best to seek healthcare out of the country. To make things even worse, I got a bill today for \$44,000.00 from Delray Medical Center for being falsely and illegally admitted under BA-52 for "psychosis", because I raised valid concerns regarding ongoing and severe cyberattacks for nearly 2 years now.

Thanks to PB Police Baker act, followed by the unjust and inhumane hold by Delray Medical Center, all without insurance, I was prevented from following Dr. Friedman's recommendations to get a breast biopsy. I ended up getting Baker Acted asking for help for ongoing hacking for 2 years, after the hackers stopped me from getting in touch with the breast surgeon. Instead of getting guidance I was put into a mental ward.

"...For some reason in 2020 Chase gave me a personal account, but closed it almost immediately after I got home from the bank, with no reasons provided. Now this makes 0 sense, as they had no issue keeping my business account open. No reasons were given and I even got a few phone calls later from some shady Chase group supposedly telling me "we cannot never tell you why it was closed and you'll never find out". I found this extremely odd, as my credit was extremely good,"

I never closed this so not sure who "force closed" the account or what that even means? I was never even able to activate the credit card as the calls did not go through or if they did, they said they could not do it on their end, and I had to wait and try again. So it never got activated. Not sure how those charges got there but i believe it is somehow linked to my cancelled health insurance.

L N

Nov 21, 2024

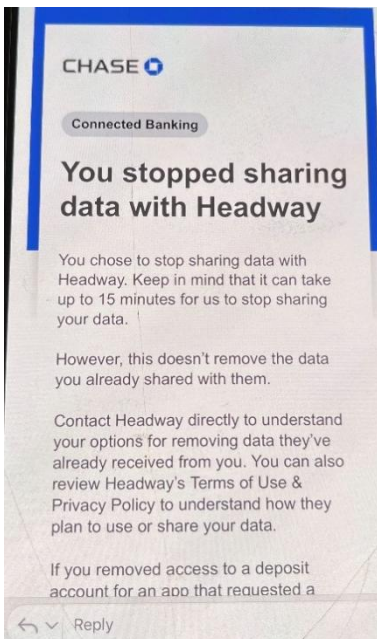

~ 4 years ago Chase gave me a business account as well as personal, however the personal account was cancelled pretty much the same day. I got a phonecall from Chase stating they must cancel it but they "cannot tell me why" and that "you will never find out why it was cancelled". Then I was being prevented from opening personal accounts at multiple banks, BIA being one of them, with no reasons given. My credit was excellent and always has been. I tried again in spring of 2023 and they gave me the card, that I was never able to get activated

L N

Chase has been hacked as well, and for some reason the Chase store agents refuse to remove some of the numbers on my account (such as 786-622-9216) when I am at the branch.

L N

I was signed up with Headway, but i never saw one patient for them. However, somehow I started seeing patients on Teladoc who had Headway insurance and not the ones I was supposedly covered with on Teladoc. I also saw Medicare/Medicaid pts and I did not even have certifications to see them. Now, Teladoc does not tell us what patient has what insurance, and we only know if the patient for some reason tells us this or if we ask, which we do not usually as physicians do not do any of the billing.

Fraud Schemes

Fraud attacks are inevitable for most businesses, and fraudsters are getting smarter and more patient. Impostor fraud, also known as Business email compromise (BEC), is a significant threat to your business. BEC is where a fraudster impersonates a vendor, a company executive, or another trusted trading partner—ultimately tricking you into making the payment to them. This kind of fraud is very hard to detect because you have been deceived into actually being the one making the payments.

Account Takeover is another serious fraud threat where fraudsters use your online credentials to gain access to your bank account, “taking over” as you to make and authorize payments. This means that they are making and authorizing payments as you using your credentials, a process that can happen via malware or social engineering.

Account Takeover Scam I became a victim of

- L N

Nov 21, 2024

Wells Fargo, one of the worst bank that exist, made me go to the ATM 3 times to "verify my identity" and could only be done at the ATM, and NOT the branch which makes 0 sense. Again, my accounts with them were hacked too, and I have had nothing but problems with them. When I went to Finland between 11/23/ - 01/24 I had no access to the account for most of the trip as all my calls would go to Philippines to "account takeover team" which is a fraud per ATT website. This includes any WF number, including the ones on back of the card and the ones that are international. It would all go Philippines, and this was not resolved until I came back to the states and went to the branch physically.

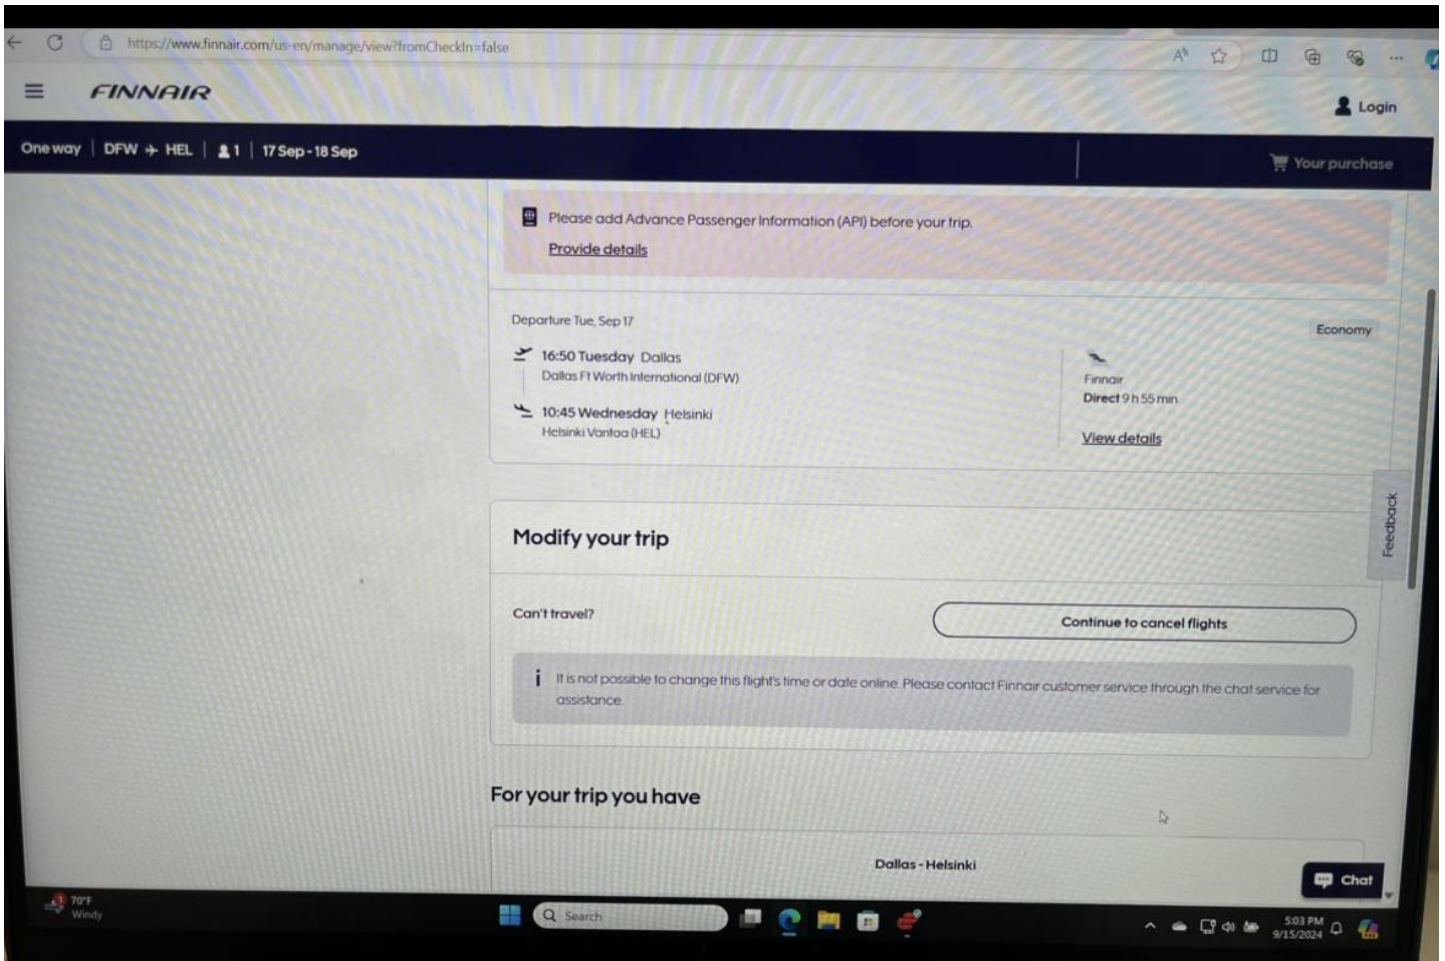

- LN

L N

Nov 21, 2024

When I called any WF number, the message or the staff who answers would say "You will be rerouted to the Account takeover team" and it'd go to Philippines (china likely) who would start asking for your entire SSN, secret questions ect ect ect .

So I had to keep changing it back numerous times, as you can see by these change of address forms. These are the ones I could quickly find, and there are probably more. I hope it sticks now. I even called them a few times.

We changed your mailing address

We updated our records for your mailing address.

We update our records anytime the address entered on a tax return is different from what we have in our records, or a Form 8822-B is received.

The address shown above is where we previously sent IRS notices and letters about your tax account. We will no longer mail notices and letters to that address. We also sent a confirmation notice to your new mailing address.

What you need to do

Our update to your address may be for minor changes in words and abbreviations, such as using "Street" rather than "St." in your address. To avoid confusion, you or your tax preparer should always enter your correct mailing address in exactly the same way every time you file tax returns.

If there should not be a change to your address, call or write to us using the contact information at the top of this page. If you call, please review the most recent tax returns you filed for differences in addresses entered. For any written correspondence, include a copy of this notice. We can address concerns more quickly via telephone.

Caution for employers regarding third-party payroll providers

If we find any issues with an account, we send a letter or notice to your address of record. We strongly caution any employer against changing the address of record to that of a payroll service provider or any other third party as it may significantly limit our ability to inform the employer of tax matters involving the business. The employer is ultimately responsible for depositing and paying all federal employment tax liabilities. For more information, visit www.irs.gov and search keywords, "Change of Address" or "Outsourcing Payroll Duties."

I used this address briefly but was years before my whistle blowing attempt. Not sure if it was used in some shenanigans as I also got some COVID/disaster relief checks in 2022 worth like ~\$80,000 approx, that I mailed back. Not sure why my neighbor got them at #804 to begin with, and placed them at my doorstep, but doesn't surprise me as this condo is and has been beyond shady, just as was the last one I was living in. In a nutshell I've been tormented by some organized criminal gangs for over 5 years now sadly. FBI and others are out of reach 🙄 Not sure what I've done to the government to be punished this severely???

For some reason the IRS kept changing my mailing address multiple times to my previous address down the street. I called them and kept changing the address back to this current one, but it would just revert

To Whom It May Concern at the IRS,

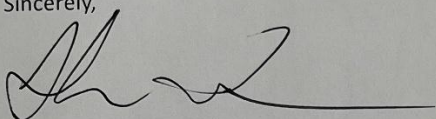

I am writing this letter to request a waiver of any penalties I may be subjected to, due to unpaid taxes from 2022 – current. I am not able to calculate my taxes, because of ongoing and relentless cyberattacks, that started around Dec 2022 amidst preparing a whistleblowing report against Teladoc Inc. In addition, there are several issues with my crypto accounts, that I suspect were also hacked. There may also be issues with my previous tax accountants, and I have requested the IRS to remove them from my accounts.

I am trying to resolve these issues and gain access to my crypto accounts. Without access to these accounts, I do not see how it is possible to calculate my taxes correctly. I am also in the process of securing a tax lawyer, as I was strongly recommended to do so on 09/11/24 by the Palm Beach Accounting & Financial Services, LLC/. They refused to accept me as a client, which is understandable after seeing the magnitude of cybercrimes/attacks I am a victim of, and felt it is not appropriate for me to only use a tax accountant and/or financial services. I have reported these cyberattacks to law enforcement and government agencies. I have not received any meaningful guidance regarding these matters, and instead I have been severely reprimanded. Because of the ongoing and relentless cyberattacks, sabotage, and interceptions I have been and currently am unable to work. My health insurance was recently discontinued by someone, and my attempts to get a breast biopsy, to rule out cancer, intercepted. In a nutshell, every facet of my life has been completely destroyed by these cyber gangsters, and I am not allowed any meaningful help by any government agency. Attempts to get assistance from private cybersecurity firms are unfruitful, as emails and/or phone calls do not do through, or they find the hacking "way too advanced" for them to deal with.

If there is any additional documentation or information that you would like from me, please contact me via phone at [REDACTED] or email me at [REDACTED]. If you are unable to reach me via phone or email, then please use my mailing address 3540 South Ocean Blvd. Apt. 805 Palm Beach, FL 33480. For some reason, my IRS mailing address has been diverting back to my previous address 3580 South Ocean Boulevard Apt. 4B Palm Beach FL 33480, which is incorrect.

Thank you for your understanding and consideration.

Sincerely,

A handwritten signature in black ink, appearing to read 'Heidi', with a long horizontal flourish extending to the right.

My business name also has had variations. I got a new tax lawyer a few months ago, and somehow their computer system let giving me a wrong business name "Nani Lost Ink" instead of Nane Lost Inc. Regardless, the phone call verifications this company uses, also went to Philippines, or maybe China would be more accurate?

I have no idea why the numbers would not match, unless it's the criminal gangs pulling money in between doing tax fraud, but I just got this letter, so I need to deal with this.

I ADVISED HEIDI TO TAKE HER EQUIPMENT BACK TO AT&T TO BE CHECKED. HEIDI BELIEVES SOMEONE ALSO HACKED HER PHONE. SHE SHOWED ME 8 PHONES THAT SHE STATED KEEP GETTING HACKED. I ALSO INSTRUCTED HER TO GO TO TMOBIL AND HAVE THE PHONES RESET BACK TO FACTORY SETTINGS. I RECOMMENDED SHE CHANGE HER FRONT DOOR LOCKS IF IT MAKES HER FEEL SAFER. NO FINANCIAL FUNDS HAVE BEEN REMOVED FROM ANY ACCOUNTS. SHE WAS ALSO ADVISED TO GET A CREDIT REPORT AND TO CONTACT THE DMV TO CONFIRM NO SUSPICIOUS ACTIVITY. I LEFT HEIDI AN IDENTITY THEFT BOOKLET FOR FUTURE REFERENCE.

Dear Heidi,

For weeks I have been trying to reach you,
but in vain. When I call your number, there
is always the mailbox, I spoke on there, but
no reaction.

I called Jean today. She told me you have a
new number 561-██████████. I tried that,
but it says the voicemail box is not set up
yet.

I also tried to text you. But whenever I
sent the texts, they disappeared.

Jean told me that it seems you have
big problems with being hated.

You really have to search for help there.
There must be an agency of the state, that
takes care of such problems.

I wish I could help you, but I see no
solution.

Take a break, fly to Finland to your parents,
so that, at least, get away from the
problems, hopefully.

I hope this letter reaches you.

I have a ██████████

Love and all the best Rose

A letter from my lovely ██████████ landlord Rose from this summer. Not sure why this came through. Please see the line when she discusses texting me but the texts "disappear".
