Case Nos.: 2023-54547, 24-004162PL

HEIDI MARJAANA LAHTENMAA, D.O.,
Respondent.

**ADDENDUM TO THE RESPONDENT'S
MOTION TO DISMISS**

Dear Judge Cohen,

I respectfully submit this addendum to my "Motion to Dismiss" filed on June 16, 2025, to provide additional evidence supporting my claims, particularly regarding the hacking incidents and case sabotage. The following supplementary materials were submitted for your consideration:

1. HACKING EVIDENCE PART 1 OF MANY:

This document contains further proof of unauthorized access and cyber attacks, addressing any questions about the validity of my hacking allegations.

2. Case sabotage by Attorney Stephen Burch (Bar Number 90934); Letter:

This letter details actions by Attorney Stephen Burch that may have undermined my case.

3. Case sabotage by Attorney Stephen Burch (Bar Number 90934):

Exhibits of sabotage by the same attorney, which may be relevant to the proceedings.

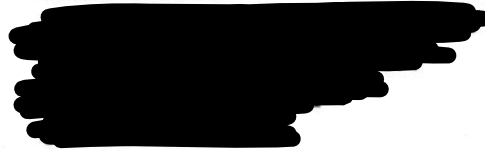

These exhibits are provided to supplement the previously submitted exhibits "Supportive letters (2)" and "File Morris Burch" (as referenced in the original motion) and to ensure a comprehensive review of the facts. I believe the supplementary material regarding the hacking evidence is critical to substantiate my claims, and the evidence of case sabotage by Attorney Burch may further illuminate issues of fairness in this matter.

I kindly request that you consider this additional evidence in conjunction with my motion. Thank you for your attention to this case.

Respectfully submitted,

Dr. HEIDI MARJAANA LAHTENMAA, D.O.
Nane Los Inc.
