BIOMENTUM®

LAWN CARE SOLUTIONS

PROFESSIONAL STRENGTH

BIOMENTUM LAWN CARE SOLUTIONS DESIGNED FOR:

- Improved soil structure
- Increased disease resistance
- Fighting off soil insects
- Less thatch build up
- Fewer weeds with extended use
- Leading to a healthier, thicker lush lawn

APPLICATION RATE: Mix 6 ounces of Biomentum Lawn Care Concentrated Liquid Solution with 1 gallon of water. One mixed gallon covers approximately 1,000 sq. ft.

NEW LAWN: Apply the product to freshly prepared soil and work it into the top layer. As the grass seeds begin to emerge, apply a second light spray Continue applying once per month until the lawn is fully established.

ACTIVE INGREDIENTS: Nuforce water, liquid fish, liquid molasses, liquid kelp, natural occurring lactic acid bacteria, mycorrhizal cultures, citric acid, chelated trace minerals (zinc sulfate, ferrous sulfate, copper sulfate), humic acid, boric acid.

GUARANTEED ANALYSIS:
