

# From David Feikes, The Shepherd's Work

## About Us

### Mission Statement

The mission of the Shepherd's Work is to provide a residential facility for the intellectually and developmentally disabled in Belize.

### Vision

To create a residential facility in Belize where the intellectually disabled are safe, physically and emotionally supported, thrive, and grow intellectually, emotionally, and spiritually.

### Core Value

We only have one: Let the voice of Christ be heard through our actions!

## Welcome

Welcome to the very first newsletter of The Shepherd's Work! Many of you may be surprised to hear from me. I gathered emails from family, friends, former students, and connections from my past. If you mistakenly received this email, you probably had the same name as someone I knew. If you received this by mistake — or would like to be removed from the list — simply click the unsubscribe link at the bottom of this email.
