These clarifications are intended to summarize the committee process, timelines, and eligibility requirements for member officials interested in being selected for a state tournament.

TSC Member Selection and Meetings

There are six members on the TSC. The first three members are ex-officio members (either appointed by the Executive Board or in place by their position as outlined in Clause V, sub-section 2). The TSC is formed at the second regular meeting of the season where nominations and voting take place. The entire membership votes to select the remaining three members of the TSC. The TSC consists of:

1. Commissioner (*TSC Chair*)
2. President (*or other appointed Executive Board officer*)
3. Evaluator (*or third elected member with tournament experience if there is no evaluator*)
4. A Senior Crew Chief
5. A Member with Tournament Experience
6. A Second Member with Tournament Experience

The TSC meets at least 3 times:

- Once in November, after the committee is formed;
- Once in January after the list of eligible officials is narrowed down to the top twelve by the membership; and
- The last meeting is in February to select the tournament officials.

Members Interested in Officiating at an OSAA Final-Site Tournament

Members that want to be considered for selection as a tournament official must inform the TSC by the first scheduled meeting in January. However, members are highly encouraged to inform the TSC a lot sooner to provide as much opportunity as possible for evaluation and observation.

Top Twelve List

The full list of officials that have previously indicated their interest to be selected for a tournament will be vetted to ensure officials have met or are on track to meet the tournament selection requirements. This vetting is done at the second regular meeting in January. During this meeting, the entire membership votes by ballot for the top twelve eligible officials from the TSC list. Coaches also have input into the selection process by voting for the top six officials from the top twelve list by January 30.

APPENDIX E – MENTOR PROGRAM

The OSAA requires local officials associations to have a mentoring program (OSAA AOH Rule 3.10) and programs must include the following:

- a) Goals and objectives of the mentoring program,
- b) How the mentorship program is administered; i.e. mentoring format, mentor-mentee interactions, program administration, etc.,
- c) Qualifications, responsibilities, and expectations of mentors and mentees,
- d) Procedures for mentor-mentee pairing, and
- e) A plan for feedback and evaluation of the mentorship program.

Goals and Objectives of the MVBOA Mentor Program

To support the MVBOA, the association's mentor program provides avenues to accomplish the following goals:

- A. Develop members and help them grow as officials.
- B. Produce effective officials through the development and use of effective mentors.
- C. Build connections and relationships between members and the association.
- D. Provide opportunities for new members to feel welcome while involving experienced officials.
- E. Promote the retention of officials.

Mentoring officials is vitally important to the association. It helps the association retain referees. Effective officials and mentors are indispensable if the association is to grow and prosper. Effective mentors are indispensable if the association's core of officials is to continue to grow. The effectiveness of mentors has a tremendous impact on members and ultimately the overall success of the MVBOA.

Mentoring helps new officials quickly become capable and confident as well as helping experienced officials advance. The MVBOA mentor program allows experienced officials new opportunities to continue their involvement with the association and for newer officials to build both confidence and competence by allowing them to build upon their knowledge and skills more quickly than if they were learning solely on their own. In all aspects of the MVBOA mentor program, the intention is to nurture professional relationships between members which helps officials feel welcome and connected.

Mentor Program Structure

All members are assigned to a mentor group. Mentor groups are led by senior crew chiefs, or an experienced/veteran official in the senior crew chief's absence. This model of one mentor to many mentees allows for discussions and learning to take place in small groups. These groups are diverse with a mix of officials with various levels of experience.

The MVBOA mentor program is administered by the Executive Board, or their designee. Administrative duties include assigning mentees to mentor groups, utilizing mentor groups during regular meetings, receiving feedback from the membership, and annually re-evaluating the mentor program.
