

THE RUSTED ROWBOAT

A Weekly Campground Newsletter | Tidbits | News & Events

This Weekend's Activities

The Car Show will take place all day Saturday! Check out the different vehicles on display from our campers, in the vicinity of the Event Center & Picnic Shelter.

Upcoming Activities

August 19: Halloween

August 26: Corncob Feed

Sept 1-4: Labor Day Weekend (Drive-in Movie, Chili Cook-off, Live Bluegrass Music, Crafts, and more!)

Campground Birthdays & Anniversaries

Alivia Pederson (Lot 35) has a birthday on August 15!

Inside the Classic Car Museum in Milford, IA

Fun with Classic Cars

We are having our first annual Lee Lake Car Show this weekend! What constitutes a car worth putting in a show, or a classic car at that? The vehicles we see in car shows generally fall into the category of being one's "dream car": something that is custom made, has interesting details or additions, is good quality, or unique/original. Classic cars are the main type of car you see in shows, and in order to be considered classic, they must be at least 20 years old. I've yet to see a 2003 Honda Civic in car shows, but apparently if they've had work done to look brand-new again, they could very well be entered!

Car shows have been an event since the first automobiles were invented, with the first one taking place in 1900! As long as

Announcements

– The newsletters were sent out, so please keep an eye out! If you have any questions pertaining to the contents, please contact us directly. We know how sometimes things can be misread/misunderstood, and we want to always make sure everyone is properly informed!

– Please make sure that you have read through the policies and contact us before making any changes to your structures or land.

– Please also ensure that any of your guests or contractors you have hired are aware of our rules and speed limits (contractors of course do not have to pay a guest fee, but we absolutely can't have them driving super fast through the campground).

Lodge Corner

We will have caramel rolls & iced cinnamon rolls in the mornings, but no baked good of the week this week. Our cookie is sugar cookies with salted caramel buttercream, and this week we are bringing back Chicken Alfredo Pizza AND Fried Dill Pickle! Kirby's Italian Soda of the Week is Pina Colada. Remember we have lots of other flavors of sodas available, too!

Fun with Cars Con't

cars have been around, people have loved to gather around and admire and talk about them as a group. Over the years, people have continued to get more creative with car shows, adding in various activities (food vendors, live bands, games), coming up with criteria, and reaching out to all area car enthusiasts to participate. For many of us nowadays, it is fun to look at the changes that car designs have gone through over the years, or to appreciate the creativity and work people have put in to modify custom cars!

The above photo was inside a huge museum in Iowa. It was built by a wealthy man with a big passion for classic cars. He enlisted area artists to recreate whole streets and towns from days gone by —it is truly like stepping back in time, and the cars in the museum are in pristine condition! If you are ever in the Iowa Great Lakes area, we highly recommend taking the trip (we also have more photos available to check out any time!).

Name: _____ Date: _____ Period: _____

Automotive

Across

1. the hinged cover over the engine of motor vehicles that allows access to the engine compartment
5. a car is the vehicle's main storage compartment.
