

GLASS BUCKET SUPERIOR SERVICE

Glass Bucket Superior Service started out doing mobile detailing in Baltimore, MD in 2004. Through the years we've learned about new products and techniques to better our process so we can meet each customer's personal standards.

Our goal is to simply provide the best professional detailing service at the most affordable price. Since the world around us is rapidly changing, it only makes sense for us to do the same. In addition to auto detailing and mobile services we are now offering carpet cleaning, tile floor strip/wax service, residential/commercial cleaning and most recently COVID-19 disinfecting cleaning services.

Service

THE DIFFERENCE IS...

Glass Bucket offers a number of services. Each service is treated different just like our customers. In the process of perfecting our techniques for each service, we learn ways to separate ourselves from our competition. For example, some companies offer car washes at lower prices but use add-ons or a la carte services for profits. Our goal is to provide our service for less than what you'd pay after all the add-ons at other "auto detailing" companies. We charge one price and not only do you get tire shine and spray wax, but a paper floor mat and a car air freshener.

Our commercial and residential clients appreciate our professionalism as well as our personal touch. Regardless if it's a studio apartment or an entire building. Our Clean Team will clean using the latest environmentally safe chemicals along with our very own process to assure your space is safe and spotless.
