“And Just Like That... 2025 Left Its Mark”

2025 was a defining year for Brothers of Influence. As we celebrated **five years of impact**, BOI continued to mark its territory through purpose-driven fellowship, community partnerships, and action. In collaboration with Frolic, we served 175 gallons of water through hydration stations nationally, supported at-risk youth with clothing and food drives, and created spaces where connection, culture, and service lived side by side. From the streets to the celebrations, BOI showed up with intention. **Now, the tone is set—2026, let's go!**

“ From Intention to Impact ”

Brothers

As we continue to move with intention, we want to be clear: this next chapter is about turning that intention into real impact.

What we're building isn't just about connection, it's about showing up for each other and for our communities in ways that truly matter.

From **supporting our founding members** in **Ghana** who are on the ground cooking to make sure youth have access to meals... to creating space for **education and awareness around cancer** and health in our communities... to ensuring at-risk youth have access to essential needs like food and clothing...

This is what impact looks like for us.

It's layered. It's intentional. And it's rooted in care.

As we continue to grow, we're expanding how we support; not just socially, but in ways that create real change. And with new energy, new leadership, and new ideas coming in, we're building something that goes beyond the moment and speaks to legacy.

We're still a social club at our core—but we're also becoming a vehicle for impact.

So look out for more personalized interactions, more opportunities to get involved, and more ways to contribute to something bigger than ourselves.

Call to Action:

Stay connected, tap into upcoming initiatives, and find your place in the work. Whether it's showing up, giving back, or spreading the word, there's a role for you in this next phase of Brothers of Influence.

In Brotherhood
