Some food for thought from Horizons Stewardship:

One of the most successful and spiritually enriching methods for increasing giving has nothing to do with budgets, buildings, dollars, or cents.

Imagine teaching about giving as a key station on the discipleship path. As children of God, created in God's image, aren't we born to be givers? Hasn't God blessed us immeasurably? What if we understood generosity to mean giving like God has given to us?

Generosity begins with God.

Although finance chairs and pastors might agree on the theological accuracy of this statement, they believe it is impractical for motivating their people. Often the rebuttal is, "But we have to talk budget. We have to let people know how far behind we are or they won't give." How has that been working so far?

The **most important stewardship verse in the Bible** has nothing to do with budgets, building, dollars or cents. The most important stewardship verse is this:

For God so loved the world that he gave his only Son, so that everyone who believes in him may not perish but have eternal life. – John 3:16 (NRSV)

God loves...God gives...And the world is forever changed! The same is true for us!

We love...We give...And the world is forever changed.

We were created in the image of a loving and generous God. Therefore, we become the people God intended for us to be when we love and give generously. God changes us when we give like God. Imagine your congregation full of people who are becoming the loving and giving people God intended them to become. Imagine the impact of your generosity upon the world.

Ok, you might be behind on the budget. Don't despair. Don't focus on budgets, buildings, dollars, and cents. Help people see themselves as born in the image of a loving and generous God. Provide a vision for growing into the generous people God intends for them to become. Give people an opportunity for transformation. In turn, they will transform the world.

Congregational Meeting - Continued

As you know we had a Congregational Meeting on Sunday, April 22nd. The Strategic POP presented the recommendation of a new church vision/mission and a recommendation of a revised Constitution.

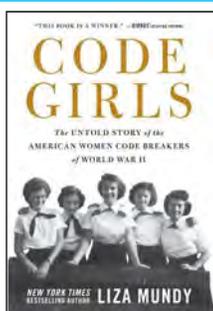

Unfortunately, some people left in the middle of the meeting. When that happened, we fell below the number of members needed to have a quorum. Without enough members we had to cease voting on anything.

During the 3rd Sunday luncheon on **May 20th**, we will have another Congregational Meeting to finish discussing Constitution changes. This meeting should hopefully be shorter as we have already covered a lot of the Constitution. I ask everyone to please come for this meeting as it is very important we finish this so the strategic planning POP can continue their work. **Everyone's input is needed.**

Thanks in advance.

Book Club

CODE GIRLS, by Liza Mundy

Recruited by the U.S. Army and Navy from small towns and elite colleges, more than ten thousand women served as codebreakers during World War II. While their brothers and boyfriends took up arms, these women moved to Washington and learned the meticulous work of code-breaking. Their efforts shortened the war, saved countless lives, and gave them access to careers previously denied to them. A strict vow of secrecy nearly erased their efforts from history; now, through dazzling research and interviews with surviving code girls, bestselling author Liza Mundy brings to life this riveting and vital story of American courage, service, and scientific accomplishment.

Building News...

Building Update

- Now that warmer weather is upon us, it is time to remind everyone that the A/C in the Fellowship Hall is not working. We have placed a sign on the thermostat to not turn it on, otherwise it will burn up the compressor and we don't need to add that to our list. We have an estimate for the needed pressure test, to locate the area that is leaking Freon, and I have had another HVAC provider look at the system as well. To date, I have not received the estimate. The pressure test will run several hundred dollars and then there will be the replacing/repair to the line that is leaking and then adding Freon again. So, as you can see this will be a major repair for us. As I get more information I will send updates through the eblasts.
- It's time for a Clean-Up date for the outside of the church. We need weeds pulled and the finishing of the butterfly garden as well as the clean out of the storage shed. I will set a date soon and will be asking for volunteers. Please consider letting me know if you are willing to help so I don't have to beg.

Going Green POP

As a result of the recent Church Survey, many members have expressed interest in the area of recycling and becoming more environmentally friendly. It is time for us to form a POP that can come up with ideas and put into place programs that will facilitate recycling, reducing, and reusing wherever possible. At the moment we are in the process of creating a coffee mug wall so we as a Church and the recovery groups that use our building, can reuse cups instead of disposable ones.

Emmelia McIlhinney will be purchasing and labeling designated bins for recycling as a Service Project which will help her meet requirements for her Girl Scout Journey. Please contact Courtney Walden if you wish to help in this area. At the moment we'll be needing volunteers to take recycling to City drop off locations. We would also love any input on how we can take steps towards becoming "greener", and help implementing those suggestions.

Stewardship POP

We are gathering a Stewardship POP to help grow a spirit of generosity at Warwick UCC! This POP will be responsible for an annual pledge drive, fundraising for special events and programs, and most importantly, encouraging people to give of their time, talents, and financial resources out of gratitude for God's goodness.

Do you feel called to cultivate a spirit of giving at Warwick?

Please contact Pastor James at JASDarnellUCC@gmail.com or 202-560-3246.

Strategic Planning POP

- As most of you know the Strategic Planning POP presented their recommendations for amending the Constitution. As a reminder, the need to do this is three-fold:
 - The Constitution has not been updated in over 14 years.
 - In order to move on with fundraising for building needs (handicap bathrooms, etc.) we needed to update the Constitution to reflect who WUCC is now, not how we used to be.
 - We need to update the church profile so we can begin a pastoral search.
- We did not make it through all of the changes at the recent Congregational Meeting – there was a lot of good discussion and there were many points that were covered. So, Tim Holmes, our Moderator, set another Congregational Meeting for May 20th – third Sunday. Please mark your calendars. We need a quorum of 20 members. Without a quorum we cannot transact any church business and we really don't want to delay our momentum too long.
- We will also discuss the recommended mission/vision statement at the May 20th meeting.
- If you need a copy of the recommended amendments or a copy of the proposed mission/vision statement, please let me know and I'll ensure you get one.

The Death of Whiteness and the Five Stages of Grief

April 25, 2018

Written by **Molly Baskette**

"Put to death, therefore, whatever in you is earthly . . . seeing that you have stripped off the old self with its practices, and have clothed yourselves with the new self, which is being renewed in knowledge according to the image of its creator." - Colossians 3:5

A year or so ago a Facebook friend asked me to relinquish my whiteness. What? Could I slip my skin, leave it by the roadside and be free of the blessings and burdens of white privilege forever?

God loves to shut down my snarky hypotheticals. Minutes after asking "How can I not be white anymore?" God answered my question with an insight: I was in denial, the first stage of grief. Here's how my grief unfolded from there.

Denial: I can't help it that I was born white, can I? I get that I drank the water and ate the food grown in the soil of a slave-owning country, but I'm not RACIST racist.

Anger: Those %&! white supremacists with their torch parades and preppy haircuts! They are ruining it for everybody! What's that, God? How am I part of the system? Why would You go there?

Bargaining: I grew up poor, God. Can't I enjoy a couple of the fruits of middle-class white privilege before I'm done with them forever: the pristine beach filled with blindingly pale flesh, the well-funded public schools for my kids?

Depression: The blood, sweat and tears of systemic racism have poisoned every ordinary joy. I am heartbroken for what my siblings of color have suffered and continue to suffer (and, petty, I still feel sorry for myself). I am in mourning.

Acceptance I: I have new joys, of a different order, emerging. New friends. Pleasures and gifts not dependent on a permanent underclass or a racial scapegoat. Music and dance, sunshine, lighthearted hope that we can change, after all, and the gift of blessed dark comedy when hope flags.

[inevitable cycling back through the first four stages]

Acceptance II: Arriving someday, when we finally fulfill the scripture that destroys binaries, false constructions of race and every other shallow attribute, because Christ is "all in all."

Prayer

Lord, your son James Baldwin taught us that "learning to be white is an ethical choice, not a biological destiny." Help me relinquish my whiteness, and come into the best joy you intend for me, and every one of your children. Amen.
