

O John, you must believe what I
and about to write to you, and after
you have read the contents, try to
remember everything, and then destroy
same, and whatever you do don't
take anyone in your confidence,
except the names of the people
that I will enclose here, and
then try to remember them by
going over their names constantly
until you are sure that you
will remember them.
First, you must realize that
the people here want everyone!

This is a first generation copy of notes
of Jack Ruby smuggled out of the
Dallas County Jail and bought by
Penn Jones, Sr.

J. Gary Shaw

to think I am crazy, so if what
I know is actually, and then no
one will believe me, because
of my supposed insanity.

I know I know that my tent is
running out, and that the next
that I'll be here will be two
or three days more, and they
plan on doing away with.

Don't let the smiles etc of
the guards fool you.

Supposing I prove to be right
about not being here much longer
then you will have to believe

Everything else I'm going to tell
you. You have watched my behavior
and my actions for some time
now, and certainly you have
come to the conclusion that
I am normal otherwise you
wouldn't have been as kind
to me as you have been. So
you must make up your mind
as to what you think of me.

If you have up to now thought
of me as nice person and a very
kind person then you must
believe me that I know what

is taking place, and so please
with all my heart, you must
believe me because I am #A
counting you to save this
country, a lot of blood shed.
as soon as you get out you
must see. Please look at
Lynchon, and it may open your
eyes to a lot of things. This man
is a Nazi in the worst
order.

For over a year now they have
been doing away with my people

IV If I were you don't read about
these things in the paper, they
have means and ways of keep-
ing it secret. But supposing
you find out where you are
betrayed that all of the
Jews have been done away
with, and after telling you
so far in advance, which
proves that I must have some
knowledge of what is going on.
The reason for this lengthy
explanation is that I want

you to have faith in me, and
perhaps you can be of some
use in helping to save a lot
of other people.

(III A)

Here is what happened and
how I am responsible for this
terrible tragedy. So start of
with, don't believe the Werner
report, that was only put out
to make me look innocent,
so that it would throw the
Americans and all the
European country's off guard.

IV They have found a means
and way to frame me, by
deception etc, and they have
succeeded in same. My lawyers
Phil Bessless and Joe Tonshil
were in on it.

Now this is how they did it.
They had a guard with me con-
stantly, and this one guard in
particular by name of Stevenson
was well pressed for the
bible, and he started to work
on me with the bible stories,

^{TEA} and on his person unbeknownst
to me he had one of the three
wireless speakers, which is very
small, and he kept it in his
trousers pockets. Everything
we talked about and everything
I said was transmitted into
this tiny mike and taped on
a tape recorder in another
room. Now anything that may
incriminate against me
they would have on the

By recorder, and anything I said
that would prove me innocent
they could erase from the
recorder.

Here is what happened one
nite. I was in a very
delirious mood of what had
transpired in the courtroom
that day. That when I had
gone back to my cell and had
tried to sleep without
talking to the guard, and I
was very low and crying,

and the guard knew of it my
suspects, because Phil Busby
had told him so. The guard
knew I was vulnerable to
almost anything. He blurted out
Jack sent you talking to me
tonite, and I came to where
he was sitting and I fell
to the floor and broke down
and said that I had sent
you to Cuba, which I
had incriminated myself

IA

By innocently, now forever did send
guns to Cuba, I only built up
a quilt complex.
What happened was that a friend
of mine by name of Mr. Willie
called from Havana, Cuba
in 1959, that was during peace
relations with Cuba, and we
really hadn't found out what
kind of person Castro was. What
this Mr. Willie wanted me
to do was to sell a Ray
Boantly of Ray's Hardware
on Singleton Blvd, and then

suggested him to send four (4) Cobson pistols to him, and all I did was to relay the message. He wanted these guns because he was managing the gambling casinos and wanted some protection for himself, his wife and the money, and that was all I had to do with it. But that worked on my mind so much that it had built up a quite complex and that is what I

IIA

III I had blurted out to the
guard "that I sent guns to Cuba"
which had been played back
on a recorder. This and other
things that I could have said
innocently could have been
taken to the army chief
of staff and when they do
hear my voice and show
and prove that I had been
involved in the assassination
of our President, there are

so many trials that have
been played with success
that it would take all
nites to write them out.
One time I had requested
a polygraph test, and the
sheriff said to request same
through a letter, and when
I had written it in long
hand, they had re-typed
it over, and I didn't realize

VII A

VIII at the time of signing it, that
they had a half inch space
between each paragraph, which
would give them the opportunity
to fill in what they wanted
to add, my signing same would
make it as though it were
a confession.
Now I believe I've written
only part of what I really
wrote about, but I hope
it should enlighten you.

as you as what my problem
and were you said be of great
value. There would not be
any purpose of my writing you
all of this, unless you were
convinced of how much I
loved my country, and why
I wouldn't want to do any-
thing to hurt our country, or
especially our president!
I'm going to die a horrible
death anyway, so what

VIIA

~~III~~ would I have to give by
visiting all this. So you must
believe me.

When you get into, I'm going
to give you some names of
some people you can trust
you must look these people
up and convince them that
I am innocent of everything
and that I have been framed.
D. Joe Coby, Dallas Police Dept.
also names, Auckland Inc.

1626 N. Industrial, you can trust
him. Walter Back, president of
Smith's Detective Agency. ~~VIII~~

Gordon Mc Gordon, owner of
K. L. S. F. Buddy Surman, prize
fighter. Blankenship of the
Dallas Police Dept. This man
is a short man with a long
nose, and his one time partner
by name of Carlson, I don't re-
call their first names, but
you make them, are the ones
by asking them if there is

if they were the ones involved
in a fight many years ago at
the Silver Spots.
Buddy Munster and Cal Jones
they are in burglary and theft.
you must make them believe
you that you are convinced
of my innocence, that you
have been around me much
and observing my behavior
you would never believe
I could be involved in
anything subversive.

They remember all these names from memory.

Now, here is the plan, someone must get to England and France and Israel and tell the right people what has happened to the Jews so they can prepare themselves from the same thing happening there. They will know that is only one kind of people that would do such a thing,

IXA

By that would have to be the
Nazi's, and that is who is in
power in this country right
now. If they would kill a
man like Jonas Salk, the man
responsible for the cure of
infantile paralysis, then there
it must be true what I've
told you. That is why the
President don't want any out of
country traveling, because he
expects to invade those countries.

out there. The only countries
which will be safe are the
former axis countries, Egypt,
Germany, Japan and Italy.

Brazil already has been over-
thrown. The Democrats, people
of Germany are also going to be
slaughtered. Explain this all
to Gordon Mc Gordon, he re-
turned from Russia. Of both
wills between Russia and

IA

By the way, you have the best
in showing Russia.

Johnson is going try to have
an all out war with Russia,
and when that happens, Johnson
and his cohorts will
be on the side-line where
they won't get hurt, while
the Americans may get wiped
out. The only way this can
be avoided is that if
Russia would be informed

as to the real enemies and
and in that way they won't
be tricked into starting a
war with the U.S. The war
can be avoided this way be-
cause the Russians will tell
Johnson that they won't bomb
the U.S. but only Brazil
Germany, Egypt (who is only
faking it this time to be an
ally of Russia don't believe it!!

XI B

IV. Japan also is in on the deal,
but the old war lords are going
to come back. South America
is also full of these Nazis.
England, France, Sweden and all
the other countries who were
our allies must be warned,
and they must be told who
is the worst of the two. They
have got to try to make up with
the Russians. Explain all of
this to Gordon the banker.

XIII Found up all of my friends
that I mentioned here, and when
then they all get together, and
they have known me for so
many years, and watched my
actions and would swear for
me that I wouldn't anything
else but a 100% American.
It wouldn't be to convince them
that I had been framed, and
if those people were so de-

determined to frame me then you
must be convinced that they
had an ulterior motive for doing
same. There is only one
kind of people that would
go to such extremes, and that
would be the Master Race, who
want to make slaves of the
rest of the World. Johnson
is only faking his friendship
for the colored race, don't
believe it, that was his

XIII A

IV strategy to win the election.
He also put a lot of Jews in top
office positions just make the
people believe he was a friend
of the Jews. He put Sheldon Cohen
to head the Internal Revenue, he
knew he was going to get rid of
~~was~~ him very shortly. They are
going to come out with a story
that it was the Minute-men
who killed the Jews, don't
believe it, they are using that

to power up for the Navy's.
One more thing isn't it strange
that Oswald who hasn't worked
a lick most of life, should
be fortunate enough to get a
job at the Book Bldg. two
weeks before the president
himself didn't know as to when
he was to visit Dallas now
were would a jerk like Oswald
get the information that the
president was coming to Dallas

XIV A

Q: Only one person could have had that information, and that man was Johnson who knew weeks in advance as to what was going to happen, because he is the one who was going to arrange the trip for president, this had been planned long before the president himself knew about, so you figure that one out. The only who gained by the shooting of the president

was Johnson, and he was in a
car in the rear and safe when
the shooting took place.

What would the Russians
Castro or anyone else have to
gain by eliminating the
President. If Johnson was so
heartbroken over Kennedy, why
didn't he do something for
Robert Kennedy? all he did was
snub him. Also look another
friend Tex De Lee, who owns
the Preview Magazine in Dallas.

XI A

By bringing these facts up to Gordon
my friend, that I had been to the
Western Union to send money to the
show girl in Ft. Worth, that was
at 11.17 A.M. Sunday, which was
stamped on the receipt, and at
a little before 11.21 A.M. I shot
Oswald, and I took just the
amount of time to walk the
distance from the Western Union
to the bottom of the ramp,
tell them to check the distance
and to time it, it is right
within a fraction of a second.

XVI
I could never have ^{thought} ~~known~~ ^{known} it that I would have been in on a conspiracy. also if I ^{was} in on something why would I have accepted a phone call at 10:30 at my apartment from the girl's ^{mother} ~~mother~~ ^{mother} that had planned something that Sunday morning, but accept phone calls. I ^{and} ~~and~~ ^{and} remember off all of this ~~all~~ also Ed Jordan 211 N. Gray St, he ^{by} ~~by~~ ^{knows} me very well. his father in law is L.F. Corrigan.
