

Design for Dissent

20% off for Group Bookings

(3 people or more)

5th - 9th October 2020

Workshop goals

Understanding why and how dissent creates more resilient and creative organisations for the New Next.

This is a practice-based workshop on how to use dissent to encourage and enable diversity and divergence. Using dissent to create new spaces for innovation.

Design for Dissent

Dissent as the foundation for diversity and divergence
in future organisations

Workshop online content

1) Hello and being brave alone

Starting with speaking out about rebelling. Finding our voices, together.

2) Listening actively to dissent

Practicing active listening to dissent and enabling more.

3) Compassion and vulnerability at work

Talking in groups about how our places treat dissent, diversity and divergence.

4) Designing dissent thru drama

Designing stories and conversations that support the need for dissent

5) Goodbye and voyaging together

Sharing ideas drawn from the workshops, and what to do next with support of each other.

Workshop offline content

Audio/Visual

90 minutes of content including 2 x 30 minute talks on Post Normal design and Dissent as foundation for diversity and divergence. Also several audio-only posts on related topics.

Text

A workbook has all the workshop activities, space for notes and ideas plus diagrams.
