

TERMS AND CONDITIONS

Nobel Technology Group INC

Effective Date: September 09, 2026

These Terms and Conditions ("Terms") govern your access to and use of websites, online stores, product listings, ordering services, and related services operated by Nobel Technology Group INC ("Nobel Technology Group," "we," "us," or "our"). By accessing our website or placing an order, you agree to these Terms. If you do not agree, please do not use the website or purchase our products.

1. Company and Contact Information

Nobel Technology Group INC is a U.S. company that sells interior doors, door hardware, and related home-improvement products. Company contact information, including our current mailing address, telephone number, and email address, should be maintained on the website and in customer communications. For questions about these Terms or an order, please use the customer-service contact information published by Nobel Technology Group.

2. Eligibility and Website Use

You must be legally capable of entering into a binding agreement to place an order. You agree to use our website only for lawful purposes and not to interfere with its operation, attempt unauthorized access, introduce malicious code, scrape or copy website content in a manner that violates our rights, or use the website to engage in fraud or other unlawful activity.

3. Product Information

We make reasonable efforts to provide accurate product descriptions, photographs, dimensions, specifications, colors, materials, compatibility information, and availability. However, product images may vary because of lighting, displays, photography, manufacturing batches, natural wood characteristics, or other factors. Dimensions and specifications should be reviewed carefully before ordering. For interior doors and hardware, customers are responsible for confirming that the selected size, handing, swing, configuration, finish, hardware compatibility, and installation requirements are appropriate for their project.

4. Pricing, Taxes, and Fees

Prices are displayed in U.S. dollars unless otherwise stated. Prices, promotions, product availability, and shipping charges may change without notice before an order is accepted. Applicable sales tax and other legally required charges may be added at checkout. Any shipping, delivery, handling, installation, or other applicable charges will be disclosed before payment to the extent required by law. We reserve the right to correct pricing or listing errors.

5. Orders and Order Acceptance

Submitting an order is an offer to purchase. An order confirmation acknowledges receipt of the order but does not necessarily constitute final acceptance. We may cancel or limit an order when a product is unavailable, a pricing or listing error occurred, payment cannot be authorized, fraud or abuse is suspected, shipping restrictions apply, or another legitimate business reason exists. If we cancel an order after payment has been received, we will generally refund the amount paid for the cancelled portion.

6. Payment

You authorize us and our payment processors to charge the payment method provided for the total amount authorized at checkout, including applicable taxes and disclosed shipping or other charges. Payment information may be processed by third-party payment providers subject to their own terms and privacy policies. We may decline or request

additional verification for transactions that appear unauthorized, fraudulent, or otherwise suspicious.

7. Shipping and Delivery

We will ship products using the shipping method selected or otherwise communicated at checkout. Estimated delivery dates are estimates unless expressly stated as guaranteed. Delays may result from carrier disruptions, weather, inventory issues, manufacturing delays, customs or regulatory matters, incorrect addresses, or events beyond our reasonable control. For online orders, shipping commitments will be handled in accordance with applicable law. Customers should inspect packages promptly after delivery and document visible damage before or when accepting delivery where practical.

8. Large, Heavy, or Freight Deliveries

Certain interior doors and door hardware products may require freight or specialized delivery. Delivery services may be limited to curbside or another location stated in the order. Customers are responsible for ensuring that the delivery location is accessible and appropriate for the shipment. Any special delivery requirements, appointments, liftgate needs, inside delivery, or other services should be confirmed before purchase when available.

9. Returns, Refunds, and Cancellations

Returns, refunds, exchanges, and cancellations are governed by the specific return policy published for the applicable product or order. Certain products may be non-returnable or subject to restocking, return-shipping, customization, special-order, or other restrictions when clearly disclosed before purchase. Customized, modified, pre-hung, cut, drilled, finished, installed, or special-order products may be subject to additional limitations. Nothing in these Terms limits any non-waivable consumer rights provided by applicable law.

10. Damaged, Defective, or Incorrect Products

If a product arrives damaged, defective, incomplete, or different from what was ordered, contact customer service promptly and provide the order number and relevant photographs or other documentation when requested. We may investigate the issue and, where appropriate, provide replacement parts, a replacement product, repair, refund, or another available remedy.

11. Warranties

Any manufacturer warranty or written warranty applicable to a product is governed by its specific warranty terms. If Nobel Technology Group provides a separate written warranty, that warranty controls to the extent it conflicts with these Terms. Warranty coverage may be subject to exclusions, installation requirements, misuse limitations, and proof of purchase. Customers should review applicable warranty terms before installation or use.

12. Installation and Product Use

Customers are responsible for proper measurement, installation, maintenance, and use of products unless installation is expressly included as a service. Doors and hardware should be installed by qualified professionals when appropriate. Failure to follow installation instructions, use compatible components, or maintain the product properly may affect performance and warranty coverage. Nobel Technology Group is not responsible for damage caused by improper installation, modification, misuse, abuse, neglect, unauthorized repair, or failure to follow applicable instructions.

13. Intellectual Property

The website and its content, including text, product descriptions, photographs, graphics, logos, designs, trademarks, and other materials, are owned by or licensed to Nobel Technology Group or its respective owners and are protected by applicable intellectual-property laws. You may use website content for personal or legitimate purchasing purposes. You may not reproduce, distribute, modify, publish, create derivative works from, or commercially exploit protected

content without authorization.

14. Customer Reviews and User Content

If you submit a review, photograph, comment, testimonial, or other content, you represent that you have the right to submit it and that it does not violate law or another person's rights. You retain rights you already have in your content, subject to any license you separately grant. Nothing in these Terms prohibits honest consumer reviews or otherwise limits rights protected by applicable law. We may moderate or remove content that is unlawful, abusive, fraudulent, clearly false or misleading, unrelated to our products or services, or otherwise permitted to be removed under applicable law.

15. Third-Party Websites and Services

Our website may link to or integrate with third-party websites, marketplaces, payment processors, shipping services, social-media platforms, analytics services, or other third-party services. We do not control third-party services and are not responsible for their content, availability, security, or practices. Your use of third-party services is subject to their applicable terms and policies.

16. Privacy

Our collection and use of personal information are described in our Privacy Policy. By using our website or services, you acknowledge that personal information may be processed as described in the applicable Privacy Policy and as permitted by law.

17. Prohibited Conduct

You may not use our website or services to violate applicable laws; impersonate another person or business; submit false information; commit fraud; interfere with website security; access systems without authorization; transmit malware; abuse promotions or returns; infringe intellectual-property rights; or engage in conduct that could harm our customers, employees, systems, or business.

18. Disclaimers

To the maximum extent permitted by applicable law, the website and its general content are provided on an "as available" and "as is" basis. We do not guarantee that the website will always be uninterrupted, error-free, secure, or available, or that every product listing will always be free of typographical or technical errors. Product-specific warranties, if any, are governed by their applicable written terms. Nothing in these Terms excludes warranties or rights that cannot lawfully be excluded.

19. Limitation of Liability

To the maximum extent permitted by applicable law, Nobel Technology Group INC and its officers, directors, employees, agents, affiliates, and service providers will not be liable for indirect, incidental, special, consequential, exemplary, or punitive damages arising from or related to use of the website or purchase or use of products, except to the extent such limitation is prohibited by law. Where permitted by law, our aggregate liability relating to a particular purchase will not exceed the amount actually paid to Nobel Technology Group for the product or service giving rise to the claim. This section does not limit liability that cannot legally be limited or excluded.

20. Indemnification

To the extent permitted by applicable law, you agree to defend, indemnify, and hold harmless Nobel Technology Group INC and its officers, directors, employees, agents, and affiliates from claims, liabilities, damages, losses, and reasonable expenses arising from your unlawful use of the website, violation of these Terms, infringement of third-party rights, or misuse of products.

21. Force Majeure

We are not responsible for delays or failures caused by circumstances beyond our reasonable control, including natural disasters, severe weather, fire, war, terrorism, labor disputes, transportation disruptions, supply-chain interruptions, government actions, epidemics, cyber incidents, utility failures, or other events that could not reasonably be prevented or controlled.

22. Governing Law and Disputes

These Terms are intended to be governed by the laws applicable in the United States and, where legally permitted, the laws of the state in which Nobel Technology Group INC's principal business operations are located, without regard to conflict-of-law rules. Any dispute-resolution, arbitration, venue, class-action, or jury-waiver provisions should be completed only after review by qualified U.S. counsel and adapted to the company's actual state of operation and customer base. Nothing in these Terms limits non-waivable rights under applicable consumer-protection laws.

23. Changes to These Terms

We may update these Terms from time to time. Updated Terms will be posted on the website with a revised Effective Date. Changes will apply prospectively unless applicable law requires otherwise. Your continued use of the website after an updated version becomes effective constitutes acceptance of the updated Terms to the extent permitted by law.

24. Severability and Entire Agreement

If any provision of these Terms is determined to be unlawful, invalid, or unenforceable, the remaining provisions will remain in effect to the extent permitted by law. These Terms, together with applicable product-specific terms, return policies, warranty terms, and Privacy Policy, constitute the applicable agreement concerning your use of our website and purchase of products, except where a separate written agreement expressly governs a transaction.

25. Contact Us

For questions about these Terms, products, orders, returns, warranties, or customer service, please use the current contact information published by Nobel Technology Group INC on its website. Customers should keep order confirmations, receipts, shipping records, and communications relating to their purchases.

LEGAL REVIEW NOTICE: This document is a general U.S. business terms-and-conditions template and is not legal advice. Before publishing it, Nobel Technology Group INC should have qualified U.S. counsel review the document against the company's actual state of incorporation and operations, website checkout flow, return/refund policy, warranties, shipping practices, marketplace agreements, and applicable federal and state laws. Online sellers should clearly present material transaction terms, costs, delivery terms, warranties, and refund/return policies before purchase. The FTC also prohibits contract terms that restrict consumers from posting honest reviews. ■cite■turn0search24■turn0search0■
