

Miro 13 Max

Powder Shaker

INTRODUCTION

The Miro 13 Max is DTF Station's perfect powdering and curing solution for any A3 and A4 sized DTF printing setup.

With bottom platen heating for even, consistently cured transfers and a built-in air purifier for safer, more eco-friendly powdering, this shaker helps make powdering your DTF transfers a breeze. Plus, at just 1170W (1.17KW), this shaker requires no special electrical adjustments to install or use.

FEATURES

- **Patented air purification system built-in**
- **Bottom Platen Heating:** even, consistently cured transfers every time
- **Curved Heating Platen:** ensures media fits and flows through the shaker smoothly
- **Alignment markings:** markings on the shaker help you ensure your media is feeding correctly
- **True A3 Width Prints:** 13.78" (35cm)

BENEFITS

- **3-in-1:** powdering+curing+air purifying
- **Easy to use:** installation, use, and maintenance at your fingertips
- **Low power consumption:** 1170W (1.17KW)
- **Full tech support:** videos and contact DTF Station techs at any time
