

# SEE WHAT YOUR'RE MISSING

SUBSTANTIAL SAVINGS  
on our optical  
toolmaker's microscope

Valid until 11/4/2022

Now is the time to upgrade your toolmaker's microscope to a Swift PRO Elite.

Enhance your inspection capabilities with the Swift PRO Elite. An ergonomic toolmaker's microscope, simple, and robust, providing accurate measurements for a wide range of precision components, even difficult subjects such as black or transparent plastics.

Swift PRO Elite: **\$18,825**

RRP \$22,073

## Product Features

Ergonomic optical viewer: easier to use than traditional eyepiece toolmaker's scopes

- Keep glasses/eyewear/masks on in use: No need to remove while using the system
- Large measuring stage: 8" x 4" measuring range covers a wide range of applications
- High accuracy: +/-5 micron accuracy
- MX200 digital readout: for simple reporting of measurements

### Items included
