Standby On-Demand Power When You Need It!

Don't let unexpected power outages leave you in the dark!

D.O.X Energy is expanding the horizon of standby on-demand power. Introducing the mobile generator **D.O.X-10M** that can power a wide range of applications including household appliances such as air conditioners, refrigerators, electronics, power tools, and much more.

The **D.O.X-10M** is built with the same high power Lithium Ion Phosphate (LiFeP04) cell technology that we use in our commercial and utility scale high voltage energy storage system

Features :

- ❑ 10 kWh energy storage
- ❑ 2500 W pure sine wave inverter
- ❑ MPPT solar charge controller
- ❑ AC charging capable
- ❑ AC output / USB output
