

Welcome to Golden Bear Academy!

Golden Bear Academy is a family owned and operated childcare facility. The Gallagher Family acquired Golden Bear Academy in 2019 and is humbled and grateful for the opportunity to run the best daycare center in Orlando! Running a preschool as a family has been a dream come true! We love our families and meeting new friends!

Golden Bear Academy is a Gold Seal, NECPA accredited learning center of Orlando with a long tradition of high-quality. We are committed to providing our families the highest quality children's program in a home-like environment filled with love, caring and nurturing. We pledged to work together with our families to promote the welfare and self-esteem of each child. Because we believe each child is unique, our programs help cultivate the social, emotional, cognitive, and physical development of each individual while responding to the needs of the family.

Golden Bear Academy Believes that the first five years of life are very critical to a child's development. Our highly trained staff offers your child the guidance and encouragement to your child's needs, including lots of social interaction and stimulating activities in a friendly and warm environment. Through creativity, play and love your child will grow and learn each day.

We assist every child's social, emotional, cognitive, and physical growth, we do have bilingual daycare for kids ages birth to 12 years old, also we offer free transportation to and from local elementary schools to our childcare facility, also our childcare chef prepares breakfast, lunch and snacks each day for all children at our daycare. They are always trying fun preschool themed foods to go along with their learning.

As a voluntary Prekindergarten Provider, we have an important role in building a strong foundation for children's future school success. We have the wonderful opportunity and the important responsibility to teach and nurture our community's children.

Our center is located on Goldenrod Rd and Lake Underhill.

Attached you will find a virtual tour for our center.
