PUSHPA HOSPITAL, DALLI RAJHARA

Pushpa Hospital had a humble beginning in the year 1966 by our beloved Father Director. It had its birth as a small plant and now it has its root gone deeper and spread out its wings to give shelter for the poor and rejected section of the society.

The various departments are Medicine, Obs & Gynec, Paediatric, Ophthalmology, Ultrasonography, Laboratory, ECG, and X- Ray facilities along with Leprosy, TB control Programme, District Blindness control Programme, and Palliative care unit for the cancer and Terminally ill patients.

We do get OPD around 1500 in a month and around 150 to 200 inpatients on an average. This low patient load is due to the set back caused by the preferential package blocking of Ayushman schemes.

Having crossed 16 sixteen years of education SFS has become a dream destination to many. It is the fruit of the sweat and blood, and the huge investment of time, energy and sacrifice of pioneers who have walked before us. It has been 16 years and untiring years …. Since then every person who has been associated with SFS deserves a big round of applause for making this institution what it is today and paving the path for a bright future.

A School is the best training ground for the students to discover, identify and develop their God – given talents and develop them to the full potential. Therefore it should be the endeavor of every school to create conducive atmosphere and to provide ample opportunities to the students to facilitate the process of self discovery and self- actualization. Nearly 16 years of honest striving in pursuit of knowledge, steering and instilling in the hearts and minds of young students….
