Experience - Boards/Committees	Multiple Hospital Boards. Physician Member.	
Throughout your PAST involvement with ISSB, please list specific services or accomplishments you offered ISSB.	As a member of the current Majlis as Shura' we navigated through several challenges including, the Covid-19 Pandemic and all the related issues of member's safety and well-being. The tasks/challenges associated with the community and keeping us all safe to the best of our abilities were performed with the combined guidance of all its members.	
Why are you interested in serving on the ISSB MAS? If you are elected, what would you do?	<p>As noted above, I am privileged to be a current Majlis Member and having the privilege of being nominated again I would like to continue to serve and use our collective efforts and experience to develop and bring constructive projects to successful completion.</p> <p>Majlis has plans for future projects that include the formulation and construction of a community center which will serve as a multipurpose facility. The plans under review also include advancing the current status of Nur Academy, so that we can continue to increase attendance and advance the current status of the school to its full extent, and this will occur with alliance with and working alongside and providing guidance to the Nur Academy Board.</p> <p>We have several challenges which include developing and finding the resources for developing the 10-acre property for its use as a Muslim Cemetery.</p>	
How do you feel ISSB would benefit from your involvement on the MAS?	Our collective experience with dealing with current challenges and as current serving member, I hope to continue to contribute to the Majlis and ISSB at large with the experience gained over our past term and coordination with the Majlis
