Senior Principal Scientist

Eric Shapiro, CIEC, CMC, CMRS, HHS (right photo)
President, Indoor Air Quality Services, Inc.

Event Overview

The IAQA Regional Education Workshop will take place on February 17th, 2026, at the Fairfield Inn by Marriott in Bonita Springs, Florida. This event features esteemed moderators with extensive experience in indoor air quality and environmental assessment.

Moderators

Jeremy D. Beagle, CIH

Position: Senior Principal Scientist, SDII Global Inc.; Member, IAQA Board of Directors

Email: jbeagle@sdii-global.com

Professional Background

Jeremy Beagle has over 21 years of experience performing causation assessments and providing expert witness testimony on issues related to water damage, fungal growth, and other indoor environmental concerns in built environments. He is a Board-Certified Industrial Hygienist and holds multiple certifications, including Council Certified Moisture Control Consultant, Council Certified Microbial Consultant, and Council Certified Fire and Smoke Damage Consultant.

Additionally, Jeremy holds the Water Restoration Technician designation from the Institute of Inspection Cleaning and Restoration Certification (IICRC).

He serves as Vice Chairman of the IICRC S530 Standard for Indoor Environmental Assessment for Suspected Mold Contaminated Structures consensus body and is a member of the Board of Directors for the Indoor Air Quality Association.

Jeremy is a frequent speaker at conferences and workshops, providing continuing education in insurance services, indoor air quality, and the indoor environmental field. He has authored industry-related articles and published papers as part of the ASCE Forensic Engineering Congress.

Eric Shapiro, CIEC, CMC, CMRS, HHS

Position: President, Indoor Air Quality Services, Inc.; Member, IAQA Board of Directors

Email: eshapiro@iaqinc.com

Professional Background

Eric Shapiro began his career over 30 years ago as an air duct cleaner and mold remediator. He started teaching more than 20 years ago at the National Asbestos Environmental Training Institute in New Jersey, where he developed the Basic Building Science class for new mold remediation and mold assessors. He has also taught certification courses for IAQ professionals, mold remediation, and mold assessment.

Mr. Shapiro has provided remediation and oversight services for the Department of Defense and delivered disaster restoration services following 9/11, Hurricane Katrina, Wilma, and Sandy. He was an original member of the IAQA Home Health committee, which developed Healthy Home Assessment protocols, and taught the first Healthy Home Essential course in Scarborough Beach, Western Australia, for the Environmental Health Association of Western Australia.

Currently, Eric provides consulting and contracting services in Florida and New Jersey and holds a position on the Indoor Air Quality Association's Board of Directors. He maintains current ACAC certifications: CIEC, CMRS, CMC.
