If so, this class should start all kinds of ideas and leave you feeling motivated to approach your craft in a new light! We will work only with paper because when the trepidation of cutting into precious fabrics is removed, we free ourselves to explore. We will start with looking at many of the basic principles of modern quilt design then you will be led through a variety of fun, creative exercises including simplifying shapes and layout, choosing more bold, yet harmonious colour combinations and designing based on an existing inspirational image.
