

CHICAGO STATE UNIVERSITY

Dear CEO Tim Egan,

It is my pleasure to share that Chicago State University has selected you for the CSU Business Leaders in Motion award. Recipients of this award have demonstrated exemplary leadership and have made significant contributions to economic and community development. We value your steadfast commitment to bettering our community and we know that together we can help the region achieve new heights.

You and other award recipients will be honored at half time of our women's basketball game that starts on **February 25 at 1:00 p.m.** Prior to the game, we would be honored to have you and a guest join us at a reception with refreshments, networking with other leaders, and an opportunity to meet our new Athletics Director - Dr. Monique Carroll.

Please advise if you are able to receive your award during the event.

The Office of External Affairs will send the details soon but for now, I simply would like to say congratulations! We commend your steadfast commitment to our community.

Sincerely,

Chicago State University
