How to stabilize a situation which is basically not a threat towards you and your family, but the media system refuses to work in this manner because fear is what controls the masses. A f\*\*\*\*\* circus joke of a planet.

*Question one:* How hard is it?

*Question two:* Do you sacrifice your own nation if you are about to focus on foreign states and nations?

*An example:* Norway could have been self-sufficient, and in some form sustainable, if it weren't for lobbyism.

North Korea: You have not responded to one single mail and document forwarded.

China: Secrecy will destroy your system

Russia: Release everything

Helium is used as an example of the nuclei. And you are all watched by a force guaranteed make you shit yourself

*2026 they call it. Quite a misleading history direction.*
