"Incredibly grateful for the experience my daughter had with Mandie during safesitter class today. Mandie Roe is not only highly qualified but she also brings warmth, positivity and passion into her teaching. My daughter felt empowered throughout the day learning important life skills. This is more than a babysitting basics - it helped her grow in responsibility, confidence and independence. Highly recommend this class to any parent looking to prepare their child for safe, responsible babysitting! Rebecca Crouch"- Google Review

"Such a great course!! My daughter was telling me so many things she learned! She really had a great time and is sooooo excited to start her adventure in sitting! In fact! I posted her picture with her certificate yesterday and she already had someone reach out for her services; she has her first real babysitting job tomorrow evening! Thank you for providing such an informative beneficial service for young hopeful babysitters! Nicole Park"- Google & FB Review

"What a great class and a great teacher! Our oldest daughter has been interested in starting babysitting and this was the perfect class. She loved the class so much and came away with so much great information and confidence. We highly recommend this class! Sarah Branch."- Google Review

"Great class for kids who need babysitter training! My 11 yr old daughter and her friend took the class a few weeks ago and learned so much! Leslie Lane."- Google & FB Review

"Mandie does an excellent job with the Safe Sitter course. She presents important material in an accessible way. And my active son appreciated that there were frequent short breaks between sections and snacks! Elizabeth DeStefano."- Google Review

"Mandie's class was so informative and was a great way to introduce my daughter to both babysitting and life-saving techniques. She will feel prepared as she starts her babysitting career. Mandie is also very sweet and a great educator! Aura Caruthers."- Google Review

"What a fantastic babysitting course! Nurse Mandie was sooo wonderful to work with. She was quick to respond and extremely communicative. The course is packed with great information that you'd want your teen to know whether babysitting or not! Mandie is so sweet and made it fun! My daughter now feels very confident in starting her babysitting journey. I would highly recommend her course! Marlo Catroppa."- Google Review

"Wow Mandie what a great class you put together for our daughter Charley! She came home so enthused about how much she learned and how good of an instructor you were! She took us through the entire class and showed us all she learned on her sister's doll, made her business cards, and then shared with us her commitment to take these lessons and serve our neighbors and our church by giving back... and making a few bucks along the way. What you do is so important for the self esteem and growth of our daughter and we can't say thank you enough. Our other daughter is a few years away from attending herself, but she will be a part of your program as well. Keep up the great service and best of luck to you and your family. Cole Thurmon."- FB Review

"My 12 year old son took Nurse Mandie's day long Babysitter Education class on Daniel Island and she was fantastic. First of all, she was excellent about communication. We talked before the day of class about what he could expect. She was there at the door to meet the students, and Benji came home happy and full of relevant knowledge to take care of young children. He had a great time and learned a lot! Nurse Mandie provided excellent feedback and my son came home with resources to review before babysitting. I would recommend this course to anyone, boy or girl, who's interested in making some extra cash babysitting! Jenny Thompson"- Google Review

"Such an amazing class with such an amazing teacher! My daughter is now equipped with the skills and knowledge to be a successful independent babysitter. Thank you for what you do!! Lindsey Bolton."- Google & FB Review

"My daughter completed the April class and it was FANTASTIC!! RN Mandie is an excellent communicator and is extremely well organized and prepared. Phoebe came home so eager to

share all of the information she learned, and I was so impressed by the extensive knowledge and topics covered in this one day class. Phoebe learned how to handle stressful situations, be professional, and gained confidence to really help her be a successful babysitter in the area. Molly Hennon.”- Google & FB Review

“Very professional and thorough baby sitter course. Our twin girls came away with the confidence and knowhow to keep themselves and kids they look after safe. Jessica Herbert.”- Google Review

“My daughter’s experience with Nurse Mandie and the Babysitter Education of Charleston went above and beyond our expectations. I cannot express the VALUE Nurse Mandie creates in this program. I expected my daughter to walk away CPR certified, knowledgeable on changing a diaper, how to call 911, and other basics. What I did not expect, was for her to come back with the empowerment to create additional value in her work through cleaning a space once they are finished with it, how to give children time lines, developmental stages of children, handling different emergencies, handling uncomfortable situations, presenting your charges, and so much more! I was AMAZED....Nurse Mandie fully equips these pre-teens and teens with superior skills for success within the classroom and in well-informed materials that are sent home with them. Thank you so much, Nurse Mandie! Kristin McGivern.”- FB Review

“My daughter, age 12, attended the March class with Mandie and we were both so impressed with her program. She is organized, clearly communicated the expectations & schedule for the day, and did a wonderful job keeping the kids engaged. My daughter was so excited to have been able to learn from Mandie and to build confidence in her babysitting skills. Mandie reached out to me afterwards, via text and email, to personally let me know how my daughter did. That extra effort showed me how much she cares for and appreciates the opportunity to teach these kids. My daughter came home with a folder of information that she can reference as needed, CPR certified, and more confidence than before. I would highly recommend her program to any kids looking to start babysitting. Jennifer Cole.”- Google & FB Review

“Mandie gave our daughter such an incredible experience. She went above and beyond and was an absolute pleasure to work with. Our daughter came home so excited and well prepared to begin her babysitting business. I highly recommend this course and have already referred a friend. Thanks so much Mandie!! Marie Shomo.”- Google & FB Review

“ A wonderful introduction to babysitting for the curious and hungry to make money in the age group...tween/early teens! Nurse Mandi gives a very good overview detailed just enough to give young minds a sound beginning grasp before heading out to experience babysitting. Grateful for this type of class! Kate Adam’s.”- Google Review

“My 13-year-old daughter had a great time learning how to become a safe sitter. Mandie was professional, organized, and thorough in her education. Highly recommend! Amy Jardin.”- Google Review

"My 13-year old thoroughly enjoyed the class and is now very well prepared to take on babysitting, full of confidence :) Thank you so much! Beth Rosland."- Google Review

"My daughter recently took this class and had nothing but great things to say about it. She came home eager to share what she learned and is ready to start her babysitting journey. Jennifer Kennelly.@- Google Review

"Excellent babysitter training class! My 11 year old daughter took the course and LOVED it. It was incredibly informative and the students practiced life-saving techniques on dummies so they have the confidence to perform in an actual emergency. Mandie made this training really fun while teaching a lot of information. I highly recommend! Amanda Jones."- Google Review

"Nurse Mandie and her class were the PERFECT fit for my daughter. She just turned 13 and I wanted her to be completely ready to babysit including CPR certified and this class covered everything. Mandie was extremely thorough and is extremely responsive and very organized. I highly recommend signing your child up for this class. I have confidence now after her class that my daughter is well equipped to handle anything that could happen while babysitting. Sign up ASAP! Carmen Avinger."- Google Review

"I just wanted to give a shout-out to Nurse Mandie Roe for the awesome Safe Sitter course she runs. My 12-year-old daughter loved every minute of it! The course was super informative, valuable, and practical. It's perfect for kids in grades 6-8 who need to learn how to stay safe when they're home alone, babysitting, or looking after younger siblings. The class was really fun, with lots of games and role-playing exercises that kept everyone engaged. My daughter came out of it feeling way more confident and ready to interact with families and kids. She even

got a cool certificate of completion and a folder full of useful resources. Nurse Mandie, you were amazing! Your expertise, knowledge, and kindness made a huge difference. Thanks for offering such a fantastic program that teaches kids essential safety and responsibility skills! Anna Ward.”~ Google & FB Review

“My daughters attended this class and returned home raving about their experience! They were eager to demonstrate all the skills they learned, fired off facts of a well-prepared sitter, and beamed with satisfaction of knowing skills that matter. As a mother, it feels terrific to know that they themselves know practices and procedures that prepare them for everyday and emergency situations.

Great communication and very professional business. I am grateful my daughters had such a great experience and lucky to have Mandie share her knowledge and expertise.

“My daughter took Mandie's class and her direct quote when I texted her to check in was, "I'm having so much fun! I've learned CPR on a child and infant, choking rescue on a child and infant, how to change diapers, how to insert an epipen. We got books to bring home with us that have everything we learned in it!" My tween had an awesome time learning and Mandie was an absolute dream to schedule with, answering any and all questions and super responsive! I would highly recommend this course to any tween/teen!

“I 110% recommend Nurse Mandie and the Safe Babysitter and CPR class! I had both of my daughters, 11 and 14, take it and I witnessed just some of the interaction and training and could tell how much my daughters enjoyed the training and how engaged they were. Even after the class was over I received the kindest message from Nurse Mandie. She's passionate about what she does and truly cares about the education of our kids. ❤️ Sign your children up today! “Incredible experience with Nurse Mandie. She puts so much thought into the class, and is a talented communicator and educator. Our daughter learned much about how to take care of kiddos in her care. She loved the throughline of the class - discerning which situations a babysitter can handle on their own, when they need to ask a trusted adult for help, and which situations would be emergencies. Great skills for babysitting, and valuable for anyone growing into adolescence/adulthood.

"Our daughter took Nurse Mandie Roe's Safe Sitter course and we could not have asked for a better instructor! The course was extremely interactive and my child could not believe how quickly the class went by as Nurse Mandie made it very engaging. She told me ALL about her day on the drive home and immediately re-told everything to her dad once she was home. We would absolutely recommend Mandie and her course to anyone whose child is getting close to the babysitting years!

"I want you to know our granddaughter came home saying, Wow grandma I learned more today than I learned in a year of school! 🤖

You are a great teacher Mandie and she was engaged all day long. Not an easy feat for a 13 year old. She will now be on the path to find a few jobs occasionally babysitting. Thank you for your expertise! Patty Herrmann."

"Thank you so much for teaching this material! Our daughter had a great time/experience! She talked about how you made it fun with snacks and class participation and tons of valuable skills she learned. To name a few, she talked about your tips on dealing with difficult parents, staying calm and prioritizing emergency situations, and even entertaining bored kids! It sounds like you thought of everything! Thanks so much! Jessica Camp."

"Thank you so much! She definitely enjoyed the class. All she has talked about! Danielle Jackson."

"Our daughter really enjoyed the class and learned a lot! She is even more excited to continue her babysitting endeavor. Thank you for doing the class and having her! Karen Schanely."

"My daughter enjoyed taking this class with Mandie as the instructor. Mandie is extremely organized and loves teaching. My daughter learned necessary life saving skills for babysitting (such as CPR) as well as basic skills (such as diaper changing). She now feels confident in beginning her business as a Mother's Helper/Babysitter. Mandie did a wonderful job teaching while keeping the class fun and enjoyable for my 12 year old and her friends. Highly recommend Babysitter Education of Charleston. Victoria Money-Dimitrious."- FB Review

February 2024

"My daughter took a one day course with Mandie and was so excited when she got back home! I was concerned about a full day in "class" on the weekend, but it was fun and my daughter learned so much! It is a lot of information to take in for one day, but the folder and materials my daughter came home with helped us to continue the conversation at home, so she won't forget what she has learned. Thank you, Mandie!! Laura Barnett."

"Our Girl Scout trip participated in Mandie's babysitting class this weekend! My daughter has told me some great information she learned including CPR! She feels confident and ready to babysit this summer!!! Christine SanGiovanni."

Follow up from May 2023 Class

"We had a great experience with Nurse Mandie and Babysitter Education of Charleston! My 10-year-old daughter took the course and loved it! She came home excited to share all that she learned with me and the resources she was given. She's since booked multiple babysitting/Mother's Helper jobs and is in constant demand! If we could take this course again we would, but no need, because Nurse Mandie did a great job of delivering a great and thorough course. Jenna Wright."

January 2024

"My daughter loved every minute of Mandie's class. She learned so much valuable information and has since given me several demonstrations on how to perform CPR and the Heimlich maneuver on children. My daughter now has the confidence and know-how to take care of younger children. Caroline Halsey."

My daughter took nurse Mandie's class yesterday, and she had such a wonderful time. She said that she had so much fun that it just flew by. She enjoyed the hands-on experience she got with learning life saving techniques. She is also very excited about starting up her babysitter/mother's helper business with her friend group. Thank you for offering this important opportunity for our girls! I wish this was around when I was my daughter's age! Elizabeth Crandall."

"Both of my daughters took this course and really enjoyed it. They had a lot of fun but more importantly, they both seem to have a lot more knowledge and feel much more confident about babysitting now! Heather Graham."

November 2023

"Our daughter has been telling me everything she's learned for the last two hours! She had a great time, learned so much, feels much more confident in herself, and is very excited to start babysitting!
Adam Berkowitz."
