

Dear Future QueenBnB Property Management Clients,

As long-term clients of QueenBnB Property Management, we are delighted to extend our highest recommendation for their Airbnb cleaning service. Over the course of the past two years, we've consistently experienced their exceptional attention to detail and efficiency.

QueenBnB's cleaners consistently impress us with their meticulous approach, ensuring our rental property is consistently spotless for each new guest. Their prompt response and friendly demeanor contribute to a positive experience for all who stay with us.

Their ability to swiftly turnover our property is remarkable, recognizing the urgency in the vacation rental industry. They consistently deliver, allowing us to maintain a high standard of service.

Additionally, we greatly value QueenBnB's proactive approach in identifying and reporting damages post-checkout, saving us both time and money in maintenance.

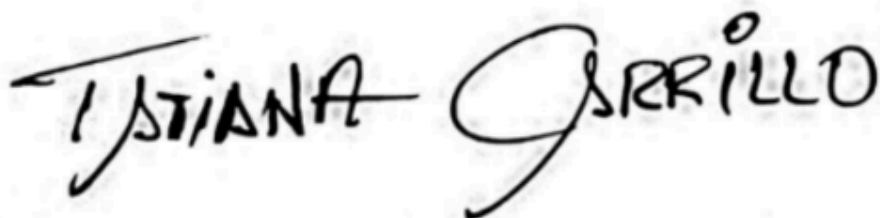

We are particularly pleased that our guests often refer to our property as their "home away from home." This reputation, coupled with QueenBnB's services, has enabled us to achieve and maintain Superhost status with 4.8-Star rating from 80+ reviews, a testament to their invaluable contributions.

We wholeheartedly endorse QueenBnB for their unwavering commitment to excellence and customer satisfaction. You'll find them to be an indispensable partner in managing your vacation rental property.

Sincerely,

Tatiana and Erika Carrillo
