

To: Future QueenBnB Clients

I have been working with QueenBnB Property Management for almost two years, and I couldn't be more satisfied with their exceptional service. Their turnaround cleaning between guests is always thorough and prompt, ensuring my property remains spotless and ready for each new stay. They handle damage reporting and maintenance coordination with remarkable efficiency, giving me peace of mind. Their professionalism is unmatched, and their custom, competitive pricing during peak seasons and holidays makes it easy to maximize my rental income. I'm especially pleased with the beach-themed home design they've implemented, which is perfect for our rental being so close to the beaches—it really enhances the guest experience. Thanks to their consistent efforts, my property has maintained a high rating on Airbnb and receives excellent reviews from guests. I highly recommend QueenBnB for all your property management needs.

Best Regards,

Leyder Siagho
