Pointe Service Association Board of Directors March 24, 2022 6:00 PM Zoom

Meeting called to order by President Milan Milivojevic at 6:00 PM

Executive Board of Directors Present: President Milan Milivojevic, Secretary Susan Slaven, Treasurer Melissa Emily, At-Large Tony Piano, At-Large Ken Surface.

Board of Directors Present: Bay Pointe Judy Stout, Bay View Glenn Adams, Waters Edge Ctyd James Bottorff, Eagle Bay 2 Trent Speer, Eagle Cove Dan Santangelo, East Bay Paul Browne, Fairway Knoll Ken Surface, Front Nine Jack Krajnak, Greenridge Rick Charles, Harbour Pointe John Menne, LaSalle Woods Kevin Moyer, Pointe Cove Mike Cox, Pointe Retreat Susan Slaven, Waters Edge 1 John Teising, Waters Edge 2 Dan Dodge, Woodridge Sandra Hulse, At-Large Melissa Emily.

Board of Directors not Present: Alan Hogan

Guests Present: Joseph Karp

Recommended Nominees to fill the positions on the Executive Board of Directors

Motion to elect Peter Samuelson as Vice President.

Peter graduated from Yale University of Law and is currently the President of Ardeo Education solutions for nearly 15 years. Peter owns in the village of Waters Edge and also serves on the Waters' Edge village board.

Motion to elect Emily Wright as At-Large member.

Emily has over 25 years of sales and marketing with Eli Lilly at an executive level. Emily owns a home in the village of Harbour Pointe.

Motion approved by John Teising and seconded by Judy Stout. Motion approved by unanimous vote.

Eagle Pointe Golf- Head PGA Golf Pro Jeff Schroeder will start April 4th, 2022.

New golf equipment is scheduled to arrive between April-August. Sahms Clubhouse will have new menus to present with increased pricing. Pricing is increased due to the initial costs of goods and beverages.

Payroll tax credit dispute

Tax credit application has been completed for \$61,000. There will be a professional fee deducted for the process.

Birdies Lease Proposal with Sahms for 5-year term.

- The draft contract with Sahm's lease of Birdies required revisions.
- PSA counsel will revise and return a final draft for the Boards review and Potential approval.
- This final draft is expected within approximately ten days of the current meeting date.

Security Gate/Software Summary- Mike Cox

- Gate 1 and Gate 2 have intermittent ground loop faults. Ground loop sealant has been purchased and all ground loops will have the loose old caulking removed, seams blown out and sealed as necessary.
- Gate 3 is functioning correctly. There was an issue of a bad camera power supply which has been changed.
- Gate 4 is functional.
- Gate 5 has a communication issue between the gate and the server. A PO will be issued in the next day or so to have a tech

- troubleshoot and repair the gate communication issue. Once the repair is completed, all the gates will be put back in operation.
- The Lenel Gate server operating software issues have been resolved by upgrading the server hard drive to 500 gig. The old 250 gig hard drive was maxed out. The upgrade for the server as well as updating the Windows 7 were at no charge.

Combined Spreadsheet Points

- The security team only received the ESG quote on Friday. We are still in the Q&A process.
- The Presidio quote was just received today. Data has been added to the spreadsheet, but no Q&A as of yet.
- MSI has never completed a security system integration and lack technical depth. They are a security manpower company, not a system integrator. MSI would utilize Presidio to integrate a new server computer system.
- The BSA quote lacks flexibility and BSA will only complete the security system update for EP if all new conduit is run underground and all islands removed inside the curbs and replaced.
- Presido provides technical support for security systems at IU,
 Catelent, Cook and others.
- Individual vendor spreadsheets can be provided.
- The future cost for manned security is estimated. The part time manned security hourly rate is increased by 10% over the full-time manned security rate.
- ESG is currently investigating the difference between the cell gate license cost of \$8400 and 2N cost of 58K.
- Wide angle cameras are still planned to be part of our system.

Security Discussion Points

 Can a part time security company be contracted to complete necessary autonomous security system administration such as

- issuing new system credentials? If not, additional money would have to be added to cover system admin duties.
- When operating without manned security, during off hours, how are security system issues such as gate back-ups, system mechanical or software issues resolved?
- When operating during times of unmanned security, how are vendors, deliver drivers, maintenance personnel etc. allowed into EP?
- When operating with manned security, keys can be distributed by the security company. During times of unmanned security, the PSA Board must decide on the handling of keys.

Art work on display at Eagle Pointe Clubhouse-Tony Piano

- Future plan to host/display art in the entry reception of clubhouse.
- Guidelines will be established.

Annual Meeting date revised to June 11, 2022 at 9AM at the Eagles Nest.

Motion to adjourn at 7:50 PM by Rick Charles and seconded by Susan Slaven.

2020 Actuals: \$92k

2019 Actuals (pre C&O): \$86k

***5,328 golf rounds played (Budget thru May: 5,657)

41% Member Play / 59% Public Play

***Cart Fee revenue: \$13,507 (Budget thru May: \$26,500)

*Not as many anniversary members are playing their golf in the final year of their membership, thus the shortfall in cart fees. Anniversary Members are the only golfers who pay a cart fee separate from a green fee

***Green Fee revenue: \$98,837 (Budget thru May: \$101,860)

\$112,344 total revenue combined: Cart Fee and Green Fee Revenue (Budget thru May: \$128,360)

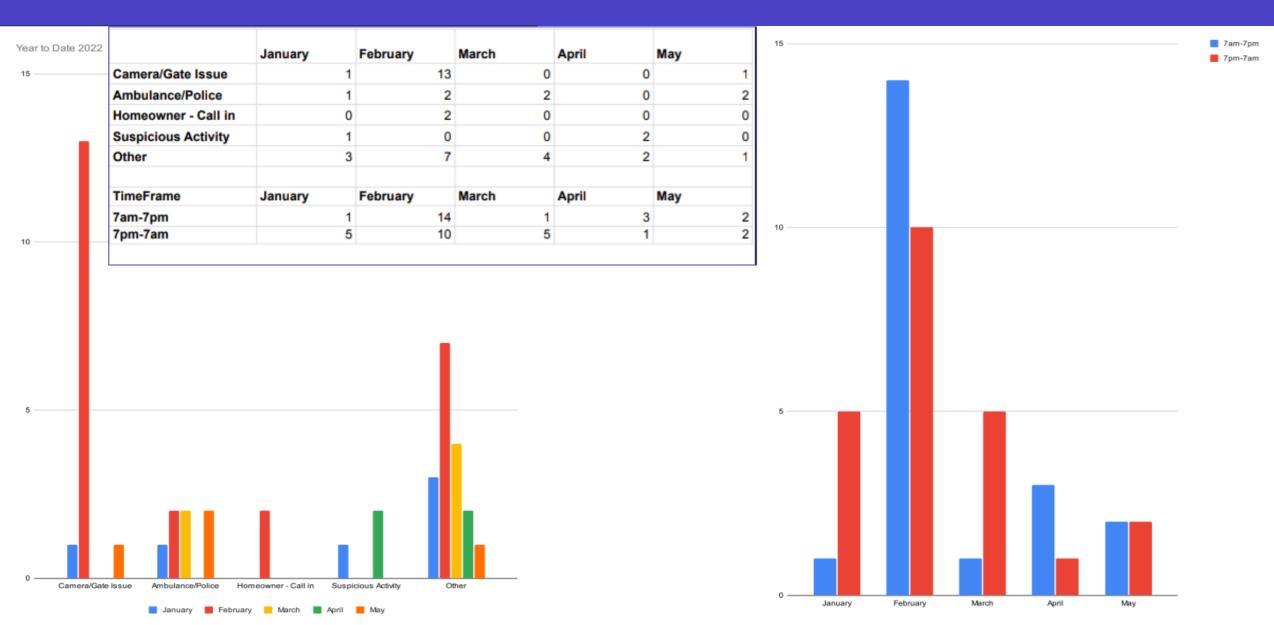

No rounds played in Jan. and Feb., opened golf course on March 2nd, wet spring, multiple days where course was closed due to conditions (a few weekend days, contributing to lost revenue, and the shortfall to budget YTD)

***Price per golfer (not factoring in member rounds, employee rounds, and PGA Comp rounds): \$37

\$28,414 in golf shop merchandise sold (Budget thru May: \$34,000)

Security Gate History & Current Status

- 1. The lift arm gearbox was replaced at Gate 5.
- 2. The lift arm gearbox seals were replaced on both Gate 2 operators.
- 3. A Gate 5 communication issue was isolated to a bad Cisco switch used to connect both Gate 5 control and cameras to the server. A replacement Cisco switch was installed.
- 4. A broken fiber was found at Gate 4. The fiber is used to communicate between Gate 4, Gate 5 and the Guard Shack. The fiber was repaired.
- 5. The ground loop at Gate 1 will be replaced with an above ground vehicle presence sensor.
- 6. The Gate 2 ground loop control box is defective and will be replaced with the box removed from Gate 1.
- 7. The Gate server hard drive located in the Guard Shack was replaced with a larger HD and the Windows software updated. The Lenel server software is 8 years out of date.
- 8. The camera computer located in the Guard Shack is not communicating with the network.
- 9. Plan to have all gates are back in operation in the next week or two.
- 10. Many thanks to the volunteers for all their effort.

Eagle Pointe - Security System Update

- The PSA Board formed a Security team to work on determining the best possible security access system for Eagle Pointe now and in the future.
- The team developed a Statement of Work document, interviewed four (4) companies, received four (4) security system quotes and developed a security spreadsheet to analyze the data & pricing from the different vendors.
- Presidio from Indianapolis was selected as our security partner. The PSA board approved the following course of action:
 - Presidio to provide five (5) Open Path Video Intercom Reader Pro gate access devices and a Cloud based control system. The equipment has been ordered.
 - A Time & Material purchase order was issued to Presidio for any needed security system repair.

Plan of Attack:

- Issue Purchase Order to Presidio Complete
- Presidio to order equipment 10 to 12 week delivery is anticipated. On order
- Eagle Pointe, Presidio & Open Path form an Administration Team.
- Clean and purge the existing Lenel database.
- Import the remaining current good credentials from the Lenel system database to the new Open Path database.
- Develop new Open Path database. All existing cards and remotes need to be entered into the new system database if they were not imported. All cards and remotes not added into the new database will no longer be functional.
- The Video Intercom Reader Pro requires a cell phone number to function with the Open Path app. All cell phone numbers requiring gate access will need to be entered into the database.
- Install new Open Path hardware. The current Lenel system will temporarily remain in operation.
- Provide training to residents of Eagle Pointe.
- Rollout Gate 2 with the Open Path Video Intercom Pro Reader.

Open Path Security System Access Operational Capabilities

- Access system is cellular, Wi-Fi and Bluetooth based.
- Control system is cloud based, not server based.
- Access system will work with our existing cards and remotes.
- System components include lifetime warranty.
- System updates are pushed to the local equipment from the cloud.
- System access works with an app allowing autonomous entry to Eagle Pointe using cell phone.
- The Video Intercom Reader Pro allows for video and audio interface with residents to grant community access.
- The cloud-based system includes 30 days of video capture.

Benefits of using Open Path as the Vendor of Choice

- System can be phased in over time, as needed allowing the community to "learn" the system.
- Allows use of "old" community access using cards or remotes.
- Other areas of Eagle Pointe could later be added to the system for access control such as the Nest, Fitness Center, Liquor room etc. Access can be controlled and limited to as few or as many people as needed.
- The annual cost of credentials is very reasonable.
- Eagle Pointe is not required to maintain our own Server system.
- The existing camera system will remain in operation as long as functional.

Eagle Pointe - MSI Security Contract Extension

• The MSI contract has been extended for three (3) months. The current contract is set to expire on June 30, 2022.

access control for the modern workplace

Video Intercom Reader Pro

The Openpath Video Intercom Reader Pro combines a built-in high resolution camera, intelligent intercom, and multi-technology reader into a slim and sleek form factor. Visitors use the intercom to initiate calls, communicate with assigned users, and are visually identified within the Openpath app. Automatically associate video footage with access events and visually monitor entries in the Openpath Control Center. The Video Intercom Reader Pro is a multi-technology reader that supports both low (125 kHz) and high (13.56 MHz) frequencies. The camera angle is adjustable during installation, ensuring optimal video footage.

Security Gates- Mike Cox

Current Security Status

- There is still a communication issue between Gates 3 & 4. The fiber repair company worked 3.5 hours last week to repair the communication problem without success.
- Replacement parts for the fiber cables and patch cables are on order and will be replaced to hopefully resolve the communication issue. Parts are due this week.
- The ground loop at Gate 1 to be replaced.
- The camera computer located in the Guard Shack failed. A decision must be made to replace the computer or move to a cloud-based camera server system.
 - The estimated replacement cost for our camera server is \$2500.
 - Presidio quoted \$9399 plus an \$808 annual fee to move our server-based camera system to a cloud-based system with 30 days of video storage.
 Our existing 5 each gate cameras would be utilized.

 Presidio quoted \$11,201 plus the \$808 annual fee to move to a new high definition AVA cloud-based camera system. The difference is \$1862, but 5 each new hi-def cameras are included.

Eagle Pointe - Security System Update

- Purchase Order issued for the Open Path Video Intercom Reader Pro.
- Equipment delivery initially promised in June and delayed until September.
- Due to the delay, the decision was made to investigate/quote the option to use Cell Gate. The Cell Gate quote to include Cell Gate access control devices. The quote will not include the complete replacement of all the gate hardware. The original BSA quote for approx. 188K did include full replacement of all hardware. The vendor now quoting Cell Gate is K&K Fence.
- Cell Gate says all parts are in stock and their readers can be delivered in 3-4 weeks after receipt of order.
- A spreadsheet comparing Open Path and Cell Gate is being developed and hopefully will be completed next week depending on receiving info from both Open Path and Cell Gate.
- No communication stating that PSA is investigating a different gate access company has been initiated.
- It is not expected that PS A would be liable for any PO cancellation fees if a decision was made to utilize a different gate access control vendor.
- The Security sub group will present a recommendation to the EC and PSA Board in 2 weeks.

For the Good of the Community-Milan Milivojevic

Eagle Vision Celebratory Plaque will be placed at the Clubhouse entry.

Minutes by Secretary Susan Slaven

Motion to adjourn by Jennifer Kopke and seconded by James Bottorff at 7:14PM

Eagle Pointe Security Update- Mike Cox Current Security Status

- Equipment technician from Presidio and fiber specialist form Pro Com will be at Eagle Pointe on Tuesday 8-2-22 to determine the cause of and hopefully repair the communication issue between Gates 3&4.
- The entrance ground loop at Gate 1 has been replaced.
- The exit ground loop control box at Gate 2 has been replaced.
- The video camera server computer located in the guard shack has been repaired.
 - One hard drive was replaced.
 - Two cooling fans were replaced.
 - The server was cleaned.
- The broken gate arm at Gate 5 exit has been replaced.

Eagle Pointe- Security System Update

- A purchase order was issued for five each Open Path Video Intercom Reader Pro gate access controllers in May.
- Equipment delivery initially promised in June and delayed until September. No new delivery date has been given.
- The PSA Board approved the cancellation of the purchase order to Open Path. It is not expected that PSA would be liable for any PO cancellation fees.

- Due to the Open Path equipment delay, the decision was made to again to revisit the Cell Gate system first proposed by BSA. BSA initially asked to quote, but would not quote to the specifications requested by the PSA Security Team. BSA has reconsidered and will now quote gate access controllers per our request.
- According to the Cell Gate manufacturer, K and K is also an authorized installer of the Cell Gate system.
- Two vendors are now quoting Cell Gate Equipment
 - K and K Fence
 - BSA Security
- The Cell Gate quote from each vendor to include five (5) each Cell Gate WXL gate access control devices. The quote will also include as an option the replacement of all ten and only 1 gate operator.
- The Cell Gate WXL gate access controller parts are in stock (according to K and K), built to order, and can be delivered in 3-4 weeks after receipt of order.

Miscellaneous information for the community.

- Sahms is no longer utilizing the accounting team affiliated with Cohoat & O'Neal.
- Sahms is catering events for the Fourwinds Resort and Marina.
- What system is being used for booking upcoming events such as weddings.
- Cohoat & O'Neal contract expires and the end of year 2022. Options are being discussed for our future commitments.
- 2023 will be the 50th year of operation of Eagle Pointe Golf Resort. This will be discussed further to prepare for an event.
- Cohoat & O'Neal are proposing a new play package for \$299 per person.
- A new committee will be formed that continuously keeps track of up-keep of the buildings and grounds.
- Discussion to terminate security at the main gate as of September 30th, 2022.
- Special meeting will be called by the Board of Directors to discuss actual facts pertaining to security and any contract that is put forth.

Minutes by Secretary Susan Slaven

Motion to adjourn at 7:27 PM by Mike Cox and seconded by Jennifer Kopke.

Board of Directors Present- LaSalle Woods Kevin Moyer, Fairway Knoll Dan Doan, Waters Edge II Dan Dodge, Waters Edge I John Teising, Greenridge Jennifer Kopke, Woodridge Sandra Hulse, Pointe Retreat Susan Slaven, East Bay Paul Browne, Harbour Pointe John Menne, Bay View Glenn Adams, Pointe Cove Mike Cox, Front Nine Jack Krajnak, Waters Edge II Ctyd. Jim Bottorff, Eagle Bay Trent Speer, Eagle Cove Dan Santangelo, At-Large Melissa Emily

Board of Directors/ Executive Board Members Not Present- Bay Pointe Judy Stout, Eagle Bay I Alan Hogan, At-Large Ken Surface.

Current Security Status

- The communication issues between Gates 3, 4 & 5 have been repaired. The problems found included 4 different issues that were successfully resolved.
- MSI is able to cover 24/7 manned security until the end of their contract on September 30th.
- All gates were put back into service, but several issues occurred:
- Residents did not have remotes or cards in their vehicles and could not get into Eagle Pointe.
- Some programmed car remotes did not work.
- Vendors did not realize that it was required to go to Gate 1 and check in prior to being granted access to their planned resident location.
- Residents purchased the remaining stock of access cards. Replacement card delivery time was quoted at 3-4 weeks.
- MSI inadvertently caused all Gates to become inoperable in the down position. A software change could have easily remedied the problem if the MSI guard was properly trained.
- The combination of Gates temporarily down, no available replacement access cards, untrained MSI security guards and 24/7 security ending at the conclusion of the MSI contract, a decision was made to raise all 5 entrance Gates.

Eagle Pointe - Security System Upgrade Update

- The Cell Gate/Lift-Master quote includes two options.
- Option 1 Purchase & install five (5) each Cell Gate WXL gate access control devices, RFID readers and related equipment. 94K
- Option 2 Purchase & replace all ten (10) Lift-Master gate operators and as included in Option 1 above, the five (5) new Cell Gate WXL access control devices, RFID readers and related equipment. – 142K

- The Cell Gate system is cloud based and includes a monthly administration fee of approx.\$835 per month, 10K per year.
- The Security Team recommends purchasing new Cell-gate WXL access controllers, Lift-Master gate actuators, RFID readers and all associated equipment.
- The PSA Board will need to approve borrowing 150K (up to 180K if selecting a different security gate option to be discussed later is selected) to purchase the complete new security access control and gate system.
- The PSA Board must decide if borrowing 150K is of a sufficient monetary commitment that the community should be informed prior to borrowing the money.
- If this proposed new security gate access control system is installed, up to 200K per year savings can be realized by eliminating 24/7 manned security.
- MSI has notified PSA of the need to raise their contract to what would be nearly 250K per year for 24/7 manned security.
- The Cell Gate WXL gate access controller parts are in stock, built to order and can be shipped in 1 or 2 days after receipt of order.
- The Lift-Master gate operators are in stock and can be shipped after receipt of order.
- The proposed new security system will also include:
- Lift-Master Radio Frequency Identification (RFID) tags for all resident access. The quote includes 2000 tags.
- Cell-gate WXL access control boxes are for vendor and quest access.
- Three options for police, fire and ambulance entry are included:
 - •KNOX box
 - •Whoop siren
 - ·RFID tags
- The best option(s) to address Amazon, FedEx etc. entry must still be determined. Amazon can utilize a 4-digit code for access. One gated community leaves their Gates raised for 12 hours during the day.
- A comprehensive community rollout plan must be developed to ensure all residents are trained and prepared to interface with new security access system. The system interface with resident's guests may be more difficult to rollout.
- Tempo will work with Cell Gate to assist with the cataloging of residents to develop the initial resident database, update the database as properties change hands and issue new or replacement RFID tags.
- New high-resolution video cameras are not included in the plan. New cloud-based cameras would cost an additional estimated 12-15K. As discussed at the last PSA meeting, the current cameras and camera server will remain in use as long as they are functional.

Security System Configuration Discussion

Option 1

- All Gates would have one entry lane for both visitors and residents. This includes both the Cell-gate WXL access control device and a Lift-Master RFID reader. This is the current quote for 142K.
- This option could result in vehicle backups at all gates as vendors and guests utilize the access control device.

Option 2

- Gate 1 would have two entry lanes one lane with a Cell-gate WXL access control device for visitors and one lane with a Lift-Master RFID reader for residents. Gate 1 has by far the most vehicle traffic servicing up to half of all EP residents. The cost of the added entry lane to be determined, but is estimated to be 15K.
- Gates 2 and 4 would have RFID readers only.
- This option eliminates possible backups for residents at Gates 1, and lower volume Gates 2 & 4.

- Gate 3 and Gate 5 would have both WXL access control devices and RFID readers. Gate 3 has less/limited traffic as compared to the other Gates and vehicle backup is less of a concern. Residents could drive around to Gate 4 if Gate 5 is backed up.
- This option may require a new vehicle access lane to be built at Gate 1, but saves the cost of two (2) Cell-gate WXL access control devices.

Option 3

- Same as option 2 except Gate 5 would have two entry lanes, one lane with a Cell-gate WXL access control device for visitors and one lane with an RFID reader for residents.
- This option may require a new vehicle access lane to be built at Gate 1 as mentioned above and would require a new vehicle access lane at Gate 5, but saves the cost of two (2) Cell-gate WXL access control devices. The cost of the added entry lanes to be determined, but is estimated to be 30K.

Communication with Monroe County Sheriff

- Milan setup a meeting with the Monroe County Sheriff's department, Milan, Sandra and Mike. The meeting happened today.
- Outcomes of the meeting are as follows:
- The Sheriff is happy to provide patrols within Eagle Pointe. An agreement would have to be signed between the Villages and the County Attorney before any patrols could take place.
- The Sheriff would like to have a main contact in each Village in case of a service call that would require access into a specific home.
- Discounts on golf, food vouchers etc. would be a great gesture for law enforcement officers.

PSA Board Decisions To Be Made Today

- Decide on the purchase of new security Gates and Access Control Devices for entry into Eagle Pointe
- Decide on the optimal configuration for the security gates to best fulfill the needs of the residents of Eagle Pointe.
- Decide if Eagle Pointe residents should be informed of the requirement to borrow money to fund the new security project.
- Decide to borrow the necessary funds to purchase, install and startup the new security system.
- Decide to sign an agreement to allow Sheriff patrols within Eagle Pointe.

Motion was made by Trent Speer and seconded by Dan Santangelo to obtain a 5-year loan to fund the new security system. Passed by majority vote with one abstain.

Motion was made by Jim Bottorff and seconded by Paul Browne to proceed with the \$142,000 security option. Motion passed unanimously. President Milan Milivojevic will present a letter to the community that will include all financial aspects of the security system. The new system should be fully installed and operational by end of October.

Motion was made by Jim Bottorff and seconded by Jennifer Kopke to not renew the MSI contract that is scheduled to terminate September 30th. Motion passed by majority vote with one abstain.

Motion to adjourn by Mike Cox and seconded by Jennifer Kopke at 8:01 PM

Discussion and Board Action Regarding Selection of Eagle Pointe Golf Management as of January 1, 2023.

Proposal Comparisons- Ken Surface.

 The golf Committee began a preliminary discussion with C & O at the beginning of July. Prior to negotiations, it was determined that we would not seek out additional companies due to the progress that had been made over the last 3-years.

- C & O's bid was substantially higher than what we anticipated, as they were seeking an increase from their current fee, that ranged from 40% to 75% over the course of the contract. This increase and due to their own admission, that it was unlikely they would ever get our financial situation to a profitable margin.
- Cohoat & O'Neil was asked to submit a revised proposal that had more favorable fees to Eagle Pointe. The revised proposal they submitted had a slightly lower management fees, but the incentive fee structure had the potential for an even higher payout than the original proposal.
- The golf Committee decided to see if other parties would be interested. We also did this to determine if C&O proposed fees were at market rate.
- After contacting Bryon Casper, Troon and Kemper Sports, Kemper Sports was the only one who had an interest in having discussions.
- Kemper Sports became an immediate discussion to the BOD. The
 committee felt that we would be negligent in our responsibility if we did
 not receive an additional bid for consideration. The golf committee met
 with Ben Blake, Executive VP of Business Development. Vince Juarez, VP of
 Operations. Mary Kate Walsh, Regional Sales & Marketing Directors.
- C&O Was informed of an additional bidder and then submitted their third bid.
- The third proposal C&O provided had a slightly reduced management fee and once again their fee structure was once again changed.
- Consideration of Doc O'Neil pending retirement with Cohoat & O'Neal, his leadership and knowledge are not easily replaced and this was a sincere concern.
- Comparison analysis of the two companies was prepared and distributed to all board members.
- The golf committee asked Kemper to price out two main expenses that we have such as golf cart leases and chemicals/fertilizers. With both of these items, Kempers' National buying power resulted in savings for Eagle Pointe. This was calculated within the comparison analysis. Golf carts alone will be a savings of \$65,000. These carts have lithium batteries that will last longer and will create less down time for players. Kemper national accounts will bring buying power to maintenance equipment, golf shop merchandise equipment & apparel to pass on.

Kemper Sports Background:

- Kemper Sports manages 120 golf courses across the country and their goal is to always receive revenue and to bring in outside play at non-peak time frames.
 - Most recently Kemper Sports purchased two extremely nice courses in Southern Indiana, which were previously Fuzzy Zoeller courses. This will draw credibility and marketing opportunity for Eagle Pointe Golf Resort.
 - Kemper has been in business since the late 70's. own/lease and or manage, with a broad spectrum of types of courses including community owned. Visit their website kempersports.com
 - Repeat customer goal as a priority.
 - Customer service and to create local community business relationships.
 - Sales and marketing experts in a growing operation that collect data from National Golf Foundation within a 15 to 45-mile radius, gender, household occupancy plus current customer analysis on demographics
 - professional client centric. The goal is to drive players to book online and gather their data plus demographics.
 - Support team of management professionals that bring credibility and plenty of marketing opportunities.
 - Over 7000 employees that includes a human resource team, instructors with weekly learning seminars.
 - Kemper philosophy is to retain existing staff to ensure continuity of service and customer goodwill.
 - Each year, Kemper Sports will develop and submit for your review and approval, a yearly business plan and an operating budget which includes: Proposed marketing sales promotion, advertising, and public relations strategies for the facility. Current year-end forecasted revenues and expenses for all golf departments.
 - Practical projection for 2023 to do around 21,000 rounds.
 - Accessibility to offer full time employee benefit packages that is charged back to Kemper Sports.
 - o Common goals with friendly and welcoming environment.

- A club where members and golfers are always the priority with consistent active programs and lessons professionally managed.
- Golf course consistency and operationally sound.
- Active facility with programs and lessons for the professionals such as the golf pro and Golf grounds superintendent to know what course diseases can be managed with.
- With Kemper sports we can expect to see growth in many areas such as women and junior golfers and beginners with a development committee.
- Kemper Sports will grow our gated boat storage facility and have experience with beach concessions and hotels with dock rental.
- Kemper Sports is flexible with seasonal payments for the management fee.
- Camp-out by boy scouts on the range. Wine tasting and play, four player scrambles, concerts on the driving range.
- o Tee Boxes in appropriate locations weather senior, women or children
- Things needing work on the courses are the overhanging-tree branches, bunkers edged/crisp/sharp fill a few sand bunkers in. Kemper Sports will develop a yearly golf course capital improvements plan. Recommendations will be based on improvements we believe are necessary to compete in the marketplace and drive revenues.
- Technology goal would be to have the course point of sales system, reservations system, and website are all integrated in order to obtain customer data, playing and purchasing habits, and guest performances.
- Average length of service by key employees is 10-15 years.
- Specific metrics or benchmarks planned to be put in place that measures performance regarding number of rounds at various price points. All rounds are tracked, watched time zones and historical evidence.

For the last three years we have definitely made great strides in the condition of the course and our revenue stream. However, we still have a long way to be profitable. What separates Kemper Sports from the competing management company is the industry best in the business, expertise, resources, relationship business and ready to go to the next level.

Kemper Business term- \$72,000 per year subject to yearly increases in CPI.

Sahms will continue 2023 as contracted and will revisit their contract.

Motion to vote on the golf management candidates between Cohoat & O'Neil and Kemper Sports by Glenn Adams and seconded by Dan Doan.

Motion of all BOD members by proxy include ten present members plus eight members by advance proxy.

Motion to approve and administer the contract with Kemper Sports by vote of 15-3

Motion passed by majority vote for Kemper Sports to be implemented as of January 1st of 2023. Kemper sports will have a Five-year term with a one-time option to terminate at the end of 36 months without cause.

Motion to adjourn by Sandra Hulse and seconded by Dan Doan at 7:34 PM
