REJASELINDO

2024

The 5th Annual Meeting of
Indonesia Association of Tissue Engineering
and Cell Therapy (REJASELINDO)

in conjunction with :

8th Annual Meeting Indonesia Tissue Bank Association (PERBAJI)
12th Annual Meeting Indonesia Stem Cell Association (ASPI)

BEYOND STEM CELL : WHERE ARE WE?

HOTEL ARYADUTA MENTENG JAKARTA

December 5th-7th 2024

SCTE IMERI FKUI & RSCM

December 4th - 5th 2024

**SKP KEMKES
ON PROGRESS**

Greetings

**dr. Huntal Napoleon SpBP-RE,
Subsp-LBL (K), FIHFAA, FRSPH**

CHAIRMAN OF THE COMMITTEE REJASELINDO

Medicine is the science and practice of the diagnosis, treatment, and prevention of disease. Contemporary medicine applies biomedical sciences, research, genetics, and technology to diagnose, treat, and prevent injury and disease. Modern scientific medicine is highly developed in the Western world, while in developing countries, the population may rely more heavily on traditional medicine. Since knowledge, techniques, and medical technology continue to evolve at a rapid rate, many regulatory authorities require continuing medical education. Indonesia University as one of the leading universities in Indonesia in its effort to become a world class university seek to promote the science of health globally. This conference and workshop will discuss basic of stem cells, tissue engineering, and regenerative medicine that brought to you by world experts as trainers and facilitators. Furthermore, this training is designed to facilitate scientists and professional to share and discuss various studies, in an international atmosphere with oral or poster displays. We also encourage students to present the results of their research

DR. Dr. Bintang Soetjahjo, SpOT(K)

CHAIRMAN REJASELINDO

Dear friends and colleagues, providing more information about cell therapy and tissue engineering will be a new hope for future strategies in medical therapy, particularly for hopeless disease cases. The researcher and clinician have done well on animal studies, therefore starting a clinical application for some cases on humans are more attainable. This meeting, we will meet the researchers, the persons who work in the processing laboratory, and clinicians who are members of REJASELINDO to carry out translational studies in clinical applications that in the future will become a standard of therapy. For preparing cells or tissue therapy, we will share the clinical application report from several countries. It's important to share the safety procedures and ethical problems. Additionally, we must know the general and specific regulations in Indonesia

**Prof. DR. Dr. Ferdiansyah Mahyudin SpOT(K)
THE HEAD OF INDONESIA TISSUE BANK ASSOCIATION (PERBAJI)**

The cell and tissue bank unit is a legal entity that aims to screen, harvest, process, isolate, store, process, and distribute cell and tissue product for medical purposes. The main function of the cell and tissue bank Unit is the Storage cells and tissue for a certain period and process cells to turn into several cells or become another type of cells and process tissue into fresh frozen or freeze dried tissue. Both cells, biomaterial, or combined (tissue engineering) products have a good opportunity as a new treatment for health problems even for the complicated, degenerative, and aging process. Many types of research are still ongoing and waiting for further evidence for new treatment methods.

**DR. Dr. Rahayussalim SpOT(K)
THE HEAD OF INDONESIA STEM CELL ASSOCIATION (ASPI)**

Stem cells and tissue engineering are different entities but support each other in forming inseparable puzzle both in research and therapy for patients with "no optional therapy" who need it. Rejaselindo's activities are an integral part of effort to implement stem cell development and tissue engineering starting from laboratory scale research by preclinical researchers who are members of ASPI and translation clinical researchers who are members of Rejaselindo. Therefore ASPI strongly supports this activity and invites its members to participate, collaborate and contribute to adding new insights and inspiration so that there is harmony in the development stem cell therapy and tissue engineering in Indonesia

Call For Paper

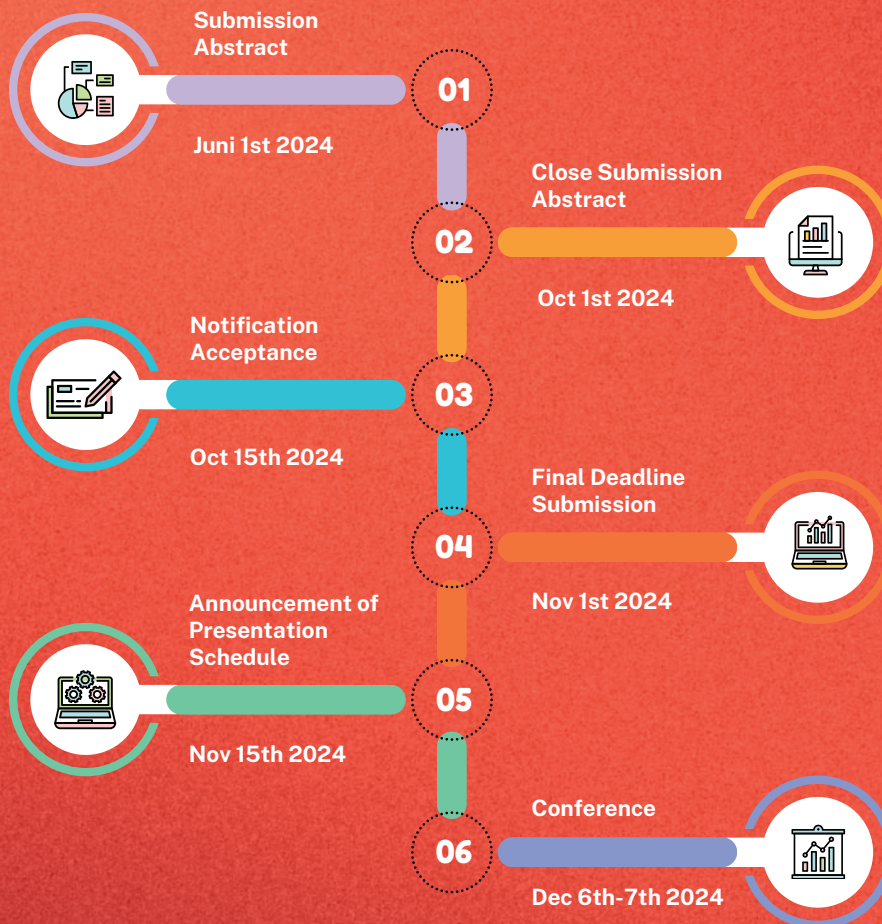

We invite researchers, academics and practitioners to submit research abstracts in the context of the 2024 Rejaselindo Annual Scientific Meeting (PIT). This year's theme is "Beyond Stem Cell: Where Are We?", which focuses on recent developments in tissue engineering and cell therapy beyond the use of stem cells.

We encourage you to submit your abstracts for the
Paper and Poster Presentation
and get the opportunity to publish your journal in

- 1. Innovative Biosystem and Bioengineering**
- 2. Bio Integration**
- 3. International Journal of Molecular Science**
- 4. Transplantology**

Note : terms and condition applied

Paper Presentation

The duration for your paper's oral presentation is 10 minutes (including 6 minute for presentation and 4 minute for discussion). The discussion will be chaired by a moderator

Poster Session

The poster will be displayed in multimedia screen and must be submitted in full HD resolution. (Size : 9:16, 1920x1080 and potrait). The soft copy of the poster (in PDF) and paper (in Word) has to be sent to committee.

We also hold competitions to select the best paper and best poster. Winners will receive a certificate and cash prize

Best Paper Award

- 1st Place : Certificate and cash prize of IDR 3,500,000
- 2nd Place : Certificate and cash prize of IDR 2,500,000
- 3rd Place : Certificate and cash prize of IDR 1,500,000

Best Poster Award

- 1st Place : Certificate and cash prize of IDR 3,000,000
- 2nd Place : Certificate and cash prize of IDR 2,000,000
- 3rd Place : Certificate and cash prize of IDR 1,000,000

Day 2

December 7th 2024
Hotel Aryaduta
Menteng Jakarta

REGISTRASI ULANG
07.00 – 08.00

PEMBUKAAN ACARA
08.00 – 08.05

MATERI 14 :
08.05 – 08.20
Prof. DR. dr. Idrus Alwi, SpPD-
KKV, FINASIM
Rebuilding Broken Hearts : Stem
Cell Therapies for Myocardial
Regeneration and Cardiac
Fuctional Recovery

MODERATOR
METABOLIC & CARDIORENAL
SESSION
dr. Mesati Magdalena Gulo

MATERI 15
08.20 – 08.35
DR. dr. Sony Wibisono, SpPD-
KEMD FINASIM
Insulin Independence :
Autologous Stem Cell
Therapy for Diabetes
Management and
Pancreatic Regeneration

MATERI 16
08.35 – 08.50
Dr. Eka Laksmi Hidayati, SpA(K)
Exploring the Potential of
Mesenchymal Stem Cell for
Managing Pediatric Kidney
Disorders

MODERATOR
OBSTETRIC GINECOLOGY &
PEDIATRIC SESSION
Dr. dr. Mochamad Syaifudin,
M. Biomed (AAM), MARS

DISCUSSION
08.50-09.00
SPONSOR SESSION 6
09.00 – 09.15

MATERI 17
09.15 – 09.30
Dr. dr. M. Adrianes Bachnas,
Sp. OG(K)
Urogenital Tissue Engineering:
Stem Cell Solutions for
Incontinence and Pelvic Organ
Prolapse

MATERI 18
09.30 – 09.45
Dr. Isabella Kurnia Liem,
M.Biomed, PhD
From Conception to Birth:
Exploring the Role of Stem Cells
in Fetal Development

KEMENTERIAN
KESEHATAN
REPUBLIK
INDONESIA

MATERI 19
09.45-10.00

Dr. dr. Yetty Ramli, SpN(K)

Unlocking the Role of Stem
Cell Therapy in Pediatric
Neurology Diseases

DISCUSSION
10.00-10.10
COFFEE BREAK
SPONSOR SESSION 7
10.10 – 10.25

MATERI 20
10.25 – 10.40

Prof. Dr. drg. Decky Joesiana
Indrani, MDSc

Dental Stem Cells: Unlocking
the Potential of Tooth Pulp and
Periodontal Ligament for
Regenerative Therapies

MODERATOR
DENTAL, OPHTHALMOLOGY
& PULMONOLOGY SESSION
Dr. dr. Arief Nurudhin, SpPD-
KR, FINASIM

MATERI 21
10.40 – 10.55

Dr. dr. Cosmos Octavianus
Mangunsong, SpM(K)

Retinal Pigment Epithelium
Replacement: Stem Cell
Approaches for Age-Related
Macular Degeneration

MATERI 22
10.55 – 11.10
Prof. Dr. dr. Erlina Burhan,
M.Sc, Sp.P(K)
Stem Cell in Pulmonology :
Current Updates & Future
Directions

MODERATOR
RECENT ADVANCES &
BREAKTHROUGH IN
CLINICAL APPLICATION OF
STEM CELL SESSION
Dr. dr. Bintang Soetjahjo,
SpOT(K)

DISCUSSION
11.10 – 11.20
SPONSOR SESSION 8
11.20 – 11.35
LUNCH AND PRAYER BREAK
11.35 – 13.00

MATERI 23
13.00 – 13.15
dr. Wahyu Widodo, SpOT(K)

Prospect of Mesenchymal
Stem Cells in Enhancing
Nerve Regeneration in
Brachial Plexus Injury

MATERI 24
13.15 – 13.30
Dr. dr. Reza Yuridian Purwoko,
SpDV
Insights into the role of
mesenchymal stem cells in
cutaneous medical
aesthetics: from basics to
clinics

DISCUSSION
14.10-14.25
SPONSOR SESSION 4
14.10-14.25

MATERI 25
13.30 – 13.45
dr. Hantal Napoleon SpBP-RE,
Subsp-LBL (K), FIHFAA, FRSPH
Stem cells therapy for
acute burns and burn-
related scar

PRESENTASI PEMENANG
SCIENTIFIC COMPETITION
FREE PAPER DAN E-POSTER
13.55 – 14.15
PENGUMUMAN PEMENANG
14.30 - 15.00

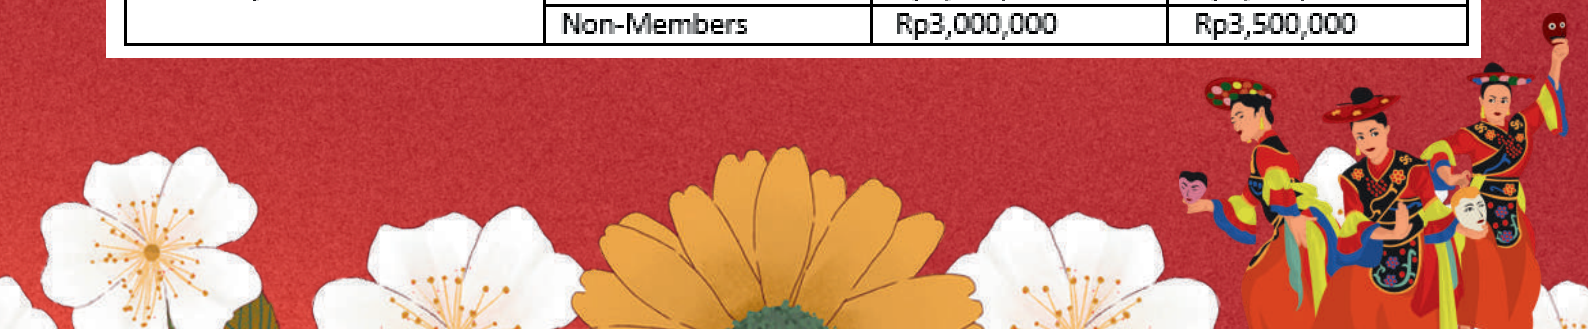

PHOTO BERSAMA
+ CLOSING & LUNCH
15.00-15.30

Ticket Fee

Event		Early Bird ≤ 1 Okt 2024	Late Bird/Onsite > 1 Okt 2024
Symposium 06-07 Desember 2024 Hotel Aryaduta Menteng Jakarta			
Nakes Lainnya		Rp 1,250,000	Rp 1,750,000
Dokter Umum		Rp 1,000,000	Rp 1,500,000
Dokter Spesialis	Member	Rp 1,500,000	Rp 2,000,000
	Non Member	Rp 2,000,000	Rp 2,500,000
Workshop Advance Workshop Tissue Banking and Tissue Engineering 30 November 2024 RS Dr. Soetomo, Surabaya			
Dokter Umum dan Nakes Lainnya		Rp2,000,000	Rp2,000,000
Dokter Spesialis	Member	Rp3,000,000	Rp3,500,000
	Non Member	Rp3,500,000	Rp3,500,000
Workshop "Basic Stem Cell : Introduction to Mesenchymal Stem Cell" 4 Desember 2024, SCTE IMERI FKUI, Jakarta			
Dokter Umum dan Dokter Spesialis	Member	Rp3,000,000	Rp3,500,000
	Non Member	Rp3,500,000	Rp3,500,000
Hands On Workshop Mesenchymal Stem Cell : Isolation, Culture and Characterization 5 Desember 2024, SCTE IMERI FKUI, Jakarta			
Dokter, Biomedik dan Mahasiswa	Member	Rp7,500,000	Rp8,000,000
	Non Member	Rp8,000,000	Rp8,500,000
Workshop SECRETOME Hands On Processing Secretome towards Cell Free therapy 5 Desember 2024, Lab PROSTEM, Jakarta			
Dokter, Biomedik, Mahasiswa, dan Nakes Lainnya	Member	Rp7,000,000	Rp7,500,000
	Non Member	Rp7,500,000	Rp8,000,000
Workshop Clinical Application Stemcell for General Practitioner 5 Desember 2024, Lab REGENIC, Jakarta			
Dokter Umum		Rp1,000,000	Rp1,500,000
Workshop Advance Clinical Application Hotel Aryaduta Menteng Jakarta 5 Desember 2024 Neurology, Internist, Dermatology & Venereology			
PPDS		Rp1,000,000.	Rp1,500,000
Dokter Spesialis	Member	Rp3,000,000	Rp3,500,000
	Non-Members	Rp3,500,000	Rp4,000,000
Workshop Advance Clinical Application Hotel Aryaduta Menteng Jakarta 5 Desember 2024 Plastic Surgery Reconstructive Aesthetic			
PPDS		Rp1,000,000	Rp1,500,000
Dokter Spesialis	Member	Rp2,500,000	Rp3,000,000
	Non-Members	Rp3,000,000	Rp3,500,000
