Michael,

As we begin a new year, I am proud to tell you there is a revived energy and momentum at The Heritage Foundation in our dedication to getting America back on track.

We are on the brink of the renewal of the conservative movement and an unprecedented era of American freedom and prosperity. But we can't achieve this vision without you.

While we have been representing conservative policy since 1973, with you by our side, we can keep being America's guiding light for many years to come.

It's a crucial time for our nation. The left is relentless in pursuing its radical policy agenda. They want to accomplish their never-ending goal of permanent power, punish conservatives and sow division, indoctrinate our youth with critical race theory, and undermine the integrity of our elections.

### **We need to stand up for what we believe, and we must do it now!**

With your support, Heritage can produce research and policy analysis that offers real policy solutions to America's problems. The ideas that win arguments, change minds, and shape history are forged here.

Through the support of our members, we can provide lawmakers representing you in Congress with conservative policy solutions that create more freedom and decentralizes power out of Washington, D.C. But we won't have the resources we need in this critical year if you aren't a member.

Thank you for being a Heritage member and for all you do for our great nation.

All the best,

Kevin D. Roberts, Ph.D.  
President, The Heritage Foundation
