Greatest news!!!!!!!!!!!!!!

I can not thank you enough. I am truly grateful for more than 7 billion Americans and the international voter families worldwide as all voters legally support my petition 'Makes America Greatest Place on Earth.' I think all laws in the world need to work for people's paradise dream about absolute financial freedom and peaceful lives. The outdated laws right now are against our human free will, and they are human errors that need to be automatically updated from now on. This human right needs to be the biggest priority and justice.

Fairly, I want to let more than 7 billion Americans and international voter families worldwide know that we will together automatically update our American and International laws to give all people in the world absolute financial freedom and peaceful lives forever from now on. We have obeyed the world's outdated laws against our human free will and given us live with the sorrows throughout history. These updated world laws will not need to go with the old rule process of votes to reform this new financial freedom world laws because these laws are the most excellent laws to give our paradise dreams to come true. They will provide everyone in the world with unique, highest-class lifestyles, peaceful lives, and equality forever. Thus, they will be the true world laws legally for all people in the world from now.

The updated financial freedom world laws will not need to go to the process of old vote rules from the Parliament consisting of two Houses (the Senate and the House of Representatives) because they will provide all people with the most excellent paradise dreams. We all want these laws to give us the most extraordinary future. These financial freedom world laws are our future paradise dreams, and these are the fundamental laws from now on. We need to live with the highest-class lifestyles and equality for everybody in this world, and we need to end the low-class and middle-class lifestyles from now on.

Moreover, I have received an email from our President, Joseph Biden, who wanted me to support the *Freedom to Vote Act* and the *John Lewis Voting Rights Advancement Act*. I have supported him on the Voting Rights Act. Truthfully, American and international voters voted to select the world leaders, Senate, and House Representatives to reform world laws. However, the outdated world laws right now are against our human free will and are human errors that need to be automatically updated. This human right needs to be the biggest priority and justice. The UN Universal Declaration of Human Rights needs to reform to have a human right of financial

freedom. Thus, the World Bank Group will fund people globally fully trillion US dollars and the world currencies in our bank account. Therefore, we can buy all 8K autonomous computer exotic cars, autonomous cruises, autonomous spaceships, automated luxury houses by the beaches, and so forth, like today and the future.

Additionally, since we can lawfully print money from our US Treasury Department, we need to print all cash for our enjoyment. We also need to live with the most superior advanced technology, the highest-class lifestyle with true financial freedom, peaceful lives, and equality forever. We need to end the middle and low-class lifestyles as soon as possible. We need to live only the highest-class lifestyle with financial freedom, peaceful lives, and equality for everyone in the world forever.

I think all world laws should help people with money problems and give all financial freedoms to everyone in the world. I have seen that everyone in this world needs money badly for their personal and business needs, including the Republican and Democratic parties, US presidents, world presidents, United Nations Foundation, and many more. Thus, Mr. President Joe Biden and United Nations Foundation Chairman Ted Turner need to sign the financial freedom into laws immediately without delay. Then, the world treasury department, the World Bank Group, and the International Monetary Fund will fund people globally fully trillion US dollars and the world currencies in our bank accounts. Therefore, we can buy all 8K autonomous computer exotic cars, autonomous cruises, autonomous spaceships, automated luxury houses by the beaches, and so forth, like today and the future. I will contact all local news and world news to help us get the world financial freedom laws to form permanently immediately without delay or as soon as possible. We need to end the middle and low-class lifestyles as quickly as possible. We need to live only the highest-class lifestyle with financial freedom, peaceful lives, and equality for everyone in the world forever.

I have contacted Mr. U.S. President Joe Biden (First Lady Dr. Jill Biden), Former First Lady Michelle LaVaughn Robinson Obama, Senator Jacky Rosen, Senator Catherine Cortez Masto, Senate Committee Budget Chairman Bernie Sanders, House Speaker Nancy Pelosi, Senator Raphael Warnock, Congresswoman Dina Titus, WBG President David Malpass, UNA - USA Team, UN Foundation Chairman Ted Turner, UN Foundation CEO Elizabeth Cousens and Congressman Jeff Duncan. I am waiting for their responses.
