GREATEST NEWS!!!!!!!!!!!!!! PLEASE HELP!!!!!!!!!!!!!!

Michael is so thankful and sincerely appreciates US Secretary Antony J. Blinken's time and valuable email today, July 6, 2022, and many more. Many thanks!!!!!!!!!!!!!! Michael would like to update US Secretary Antony J. Blinken on the issue that matters to Michael the most. Truthfully, all the outdated American and world laws need to be omitted or intentionally or forgetfully immediately shut out. They are causing many terrible money problems, such as distressingly bad crimes, prostitution, wars, discrimination, etc., globally throughout the American and world histories. They are the most significant human errors, violating the American and global constitutions. Moreover, for example, many computers can't run correctly because they have outdated or are old computers. Thus, they need to have the replacement to the most excellent 8k or better computers. We don't want to continue to use all the outdated computers because we can legally print money from our American and world treasury departments. We don't want to continue to work with the outdated American and world laws that cause us many terrible money problems. Thus, we need to print all money to solve all the money in America and the world. The outdated American and world laws need to be signed automatically immediately to the new American and world rules of the most futuristic advanced technology in America and the world to give us the paradise dreams come true. Or they need to conduct the Judicial Review with the US and the world supreme courts and reform them immediately or as soon as possible. Moreover, we have the tremendous power that judge Jackson, Ketanji Brown, won 53-47 votes on April 7, 2022.

Additionally, I have seen that we got the most significant human errors to live with the economic system to force us to do many wrong things worldwide. We have built townhouses, condominiums, and homes that were not advanced technologies. We can legally print money from our American and world treasury departments. We should make all the most excellent futuristic advanced technology with all 8K autonomous exotic computer cars, autonomous cruises, autonomous spaceships, automation luxury houses by the beaches, and so forth, like today and the future to come to enjoy our true paradise lives. I have seen many economy cars and cities globally were not correct development, and we have wasted our time developing such low-quality cars and cities around the world. We should make all the most excellent futuristic advanced technology with all 8K autonomous exotic computer cars, autonomous cruises, autonomous spaceships, automated luxury houses by the beaches, and so forth, like today and the future to come. We should enjoy the outstanding futuristic advanced technology from now on.

Fairly, we have been punished for working for the outdated American and world laws to work such wrong ways and get such money problems. We have worked so hard for our lives and ended up with many debts. I have seen that business owners owned more than a billion debts, and workers had little money in their banks. Our human values are low, and we don't quality our lifestyles as we should. All the world's money problems have caused terrible, distressingly bad crime, prostitution, war, discrimination, and so forth in the low-class lifestyles.

Furthermore, I have learned that Section 2 of Article III gives the Supreme Court judicial power over "all Cases, in Law and Equity, arising under this Constitution," meaning that the Supreme Court's main job is to decide if laws are constitutional. The ability to determine whether a law violates the constitution is called Judicial Review. I think our American and world laws were outdated, and they are hurting people about money problems globally. All the world's money problems have caused terrible, distressingly bad crime, prostitution, war, discrimination, and so forth in the low-class lifestyles. The American and world's outdated laws need to have Judicial Reviews from the American and the world Supreme Courts. The American and world's outdated laws are not constitutional, and they violate the constitution and hurt people with money problems. All laws in the world need to work for people's paradise dreams globally. These are significant human errors, and these human rights need to be reformed immediately without delay or as soon as possible.

**"THUS, ALL WORLD SUPREME COURTS NEED TO POWER OVER THESE FINANCIAL FREEDOM HUMAN RIGHTS LAWS IMMEDIATELY WITHOUT DELAY. THUS, US PRESIDENT JOE BIDEN, ALL WORLD LEADERS, AND UNITED NATIONS FOUNDATION CHAIRMAN TED TURNER NEED TO SIGN THEM INTO LAWS IMMEDIATELY WITHOUT DELAY OR AS SOON AS POSSIBLE."**

**'MONEY CAN CHANGE THE WORLD.'**

Gratefully, the World Bank Group, the International Monetary Fund (IMF), and the world federal treasury department need to fund money and grants to all people in the world trillions and trillions (US dollars) or the world currencies in their bank accounts all the time to enjoy our real paradise lives. These human rights need to be the biggest priority and justice. We need to end all low-class and middle-class lifestyles from now on. We need to live only in the highest-class lifestyle world. International Law needs to reform to get the highest money power to keep the peace, fix climate crises, and help everybody in the world to have real paradise lives with the correct financial freedom. Our world will be genuinely remarkable when all human beings in the world live with the wealthiest superlative advanced technology, and highest-class lifestyle independently, peacefully, and equality. It means all political parties in the world will come to be balanced, and it also means we will have a peaceful world full of enjoyment. We need to end all low-class and middle-class lifestyles from now on, and we need to live only in the highest-class lifestyle world. Would you please try to understand and help?

It is time to reform our American and the world laws to give everyone true financial freedom with the highest class lifestyle equality and peace for every human globally. We need to end the low and middle-class lifestyles from now on. This human right needs to be the most priority and justice. All world Supreme Courts need power over these financial freedom human rights laws immediately without delay. Thus, US President Joe Biden, all world leaders, and United Nations Foundation Chairman Ted Turner need to sign them into laws immediately without delay or as soon as possible because they violated the constitution.

Priority, we need to conduct the Judicial Review and reform our outdated American laws immediately or as soon as possible. Judge Jackson, Ketanji Brown needs to help us do a 'Judicial Review' and improve all outdated American laws to give American people the highest class lifestyles and equality for each American. We need to end the American low-class and middle-class lifestyles immediately. Therefore, we can buy all 8K autonomous exotic computer cars, autonomous cruises, autonomous spaceships, automated luxury houses by the beaches, and so forth, like today and the future comes. Time has changed, and technology gives us the most remarkable lives. Thus, we need to update the US and world laws to enjoy our true highest-class financial freedoms forever. Truthfully, all the outdated American and world laws need to be omitted or intentionally or forgetfully immediately shut out. They are causing many terrible money problems, such as distressingly bad crimes, prostitution, wars, discrimination, etc., globally throughout the American and world histories. They are the most significant human errors, violating the American and global constitutions. We got former President Barack Obama and Jackson Ketanji Brown. We got the POWERs!!!!!!!!!!!!!! Cheers!!!!!!!!!!!!!! Let's make the most remarkable American history. Diamonds are forever!!!!!!!!!!!!!!

Moreover, Michael liked that Mr. President said in an email on June 12, 2022, " Since I was first elected to the US Senate as a 29-year-old kid, getting to speak one-on-one with the people I represent has been one of my favorite parts of the job. I love talking directly with Democrats like you, MICHAEL -- about your hopes and dreams, the challenges you face, and what got you in this fight. Since Kamala and I took office, we've been able to accomplish so much -- and that's all thanks to the support of this grassroots team and the Democratic majorities you helped elect. We passed the *American Rescue Plan* and the Bipartisan Infrastructure Deal and got the first Black woman confirmed to the US Supreme Court. But we have a lot more work ahead to keep building a better America."

Michael liked that First Lady Dr. Jill Biden said in an email on June 14, 2022, "Throughout the years, I've learned that at least three things can make Joe smile from ear to ear: Our kids and grandkids, chocolate chip ice cream, and getting to talk one-on-one with Americans like you, MICHAEL. Meeting people like you, and having the chance to hear your hopes and dreams, grounds him and motivates him to keep fighting the hard battles. That's why Joe would love nothing more than to meet you in person."

**PLEASE**

**HELP!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!**

Michael's hopes and dreams are Michael would like that Mr. President helps us to reform our outdated US law automatically to give the American people to live with the highest class, with a trillionaire lifestyle. A **trillionaire** is an individual American with a net worth of more than one **trillion** in US dollars or another similarly valued currency, including a newborn child, equality, and peaceful life forever. We need to end the American Middle-class and low-class immediately from today. Or Mr. President needs to conduct a "Judicial Review" with the Supreme Court to reform our outdated American law immediately to highest-class lifestyle equality and peaceful life for each American forever. **The children globally are POWERs!!!!!!!!!!!!!! The children in the world are DIAMONDS FOREVER!!!!!!!!!!!!!! Please, the American and world leaders need to reform US and world laws about money problems. The outdated US and world laws right now are against our human free will about our financial needs. They are the most significant human errors that need to be automatically reformed or conducted in Judicial Reviews and updated. They need to be signed into laws immediately without delay. These human rights need to be the biggest priority and justice. The UN Universal Declaration of Human Rights needs to reform to have a human right to financial freedom automatically. Thus, the World Bank Group, the International Monetary Fund (IMF), and the world federal treasury department will fund money and grants to people globally, fully trillion and trillion US dollars and the**

world currencies in our bank account immediately without delay. Each human in this world can not get hurt for money because we can legally print money from the treasury department globally. Therefore, we can buy all 8K autonomous computer exotic cars, autonomous cruises, autonomous spaceships, automated luxury houses by the beaches, and so forth, like today and the future to come. Time has changed, and technology gives us the most remarkable lives. Thus, we need to update the US and world laws to enjoy our true highest-class financial freedoms forever. Cheers!!!!!!!!!!!!!! Let's make the most remarkable American and world histories. Diamonds are forever!!!!!!!!!!!!!!

Truthfully, our first President of the United States of America, George Washington, formed the new government in 1787, called "Washington's Constitution." James Madison was the constitution's chief architect. These were essential to promote America's liberty, protect property, and preserve independence. Washington's Constitution is 235 years old today. By the end of 1786 in Massachusetts, President George Washington began to doubt if Americans were capable of self-government. It was the printing of devalued paper money by Rhode Island. In the nineteenth century, the Supreme Court decided a series of cases that upheld the power of Congress to issue paper money to make it legal tender into a basic or fundamental law.

In March 1787, three months after the disturbances in Massachusetts, President George Washington wrote to his former aide, the Marquis de Lafayette, on the campaign for constitutional reform. President George Washington wanted the American people to have the correct American federal system. The Legislatures have appointed the power delegate representatives to revise the American law on Monday at Philadelphia.

President George Washington turned the constitutional convention of rules. Those rules provided that each state would have one vote; a majority of states represented could carry a vote; most controversially, secrecy would prevail. The Virginians and Pennsylvanians met privately to the framework for a constitution, which became known as the Virginia Plan because Virginia governor Edmund Randolph offered it at the convention. The Virginians Plan will be a total alteration of the present federal system and substituting a great National Council with full legislative Powers upon all the Objects of the Union. States' votes will prove the constitution. Congress had gathered as a meeting to draft the Articles—amendments.

In 1790, Gilbert du Motie, known as the Marquis de Lafayette, sent the key to [George Washington](#) on behalf of the people of France. Lafayette and President George Washington developed a special relationship during the American Revolution. The bond between the two men grew so strong that they were more like a father and son than a commanding general and his top-ranking officer. For Lafayette, there was no better person to receive the symbol of the end of ancient tyranny than the man who fought bravely to establish the United States.

Remarkably, Marquis de Lafayette returned to France and was appointed to the [Assembly of Notables](#) in 1787, convened in response to the fiscal crisis. He was elected a member of the [Estates-General of 1789](#), where representatives met from the three traditional orders of French society: the clergy, the nobility, and the commoners. After forming the [National Constituent Assembly](#), he helped to write the [Declaration of the Rights of Man and the Citizen](#) with [Thomas Jefferson](#)'s assistance. This document was inspired by the [United States Declaration of Independence](#) and invoked [natural law](#) to establish basic principles of the democratic nation-state. He also advocated the end of slavery, keeping with the philosophy of [natural rights](#). Please review the links below for more information about outdated US and world laws:

Furthermore, all the outdated American and world laws need to be omitted or intentionally or forgetfully immediately shut out. They are causing many terrible money problems, such as distressingly bad crimes, prostitution, wars, discrimination, etc., globally throughout the American and world histories. They are the most significant human errors, violating the American and global constitutions. Washington's Constitution is 235 years old today. The US constitution is totally outdated, and Michael has seen many reforms from the US government for money problems. However, Michael has seen that the US and international people need money badly for personal, business, and political challenges.

Michael thinks we are all humans in the world and that we want to have a paradise dream come true. We need to live with the highest class, with a trillionaire lifestyle. A **trillionaire** is an individual American with a net worth of more than one **trillion** in US dollars or another similarly valued currency, including a newborn child, equality, and peaceful life forever. Reasonably, American and international voters voted to select the US and world leaders, Senators, and House Representatives to reform US and world laws about money problems. However, the outdated US and world laws right now are against our human free will about our financial needs. They are the most significant human errors that need to be automatically reformed or conducted in Judicial Reviews and updated. They need to be signed into law immediately without delay. Please, US Secretary Antony J. Blinken needs to write to US President Joseph Biden and request Mr. President to help us automatically reform our outdated American law. Mr. President needs to sign it into law to give us true free financial freedom and the highest-class lifestyle forever immediately or as soon as possible. Please let the local, national, and world news know that all the outdated American and world laws need to be omitted or intentionally or forgetfully immediately shut out. They are causing many terrible money problems, such as distressingly bad crimes, prostitution, wars, discrimination, etc., globally throughout the American and world histories. Additionally, thanks very much for Mr. President's email on April 8, 2022, to celebrate Jackson, Ketanji Brown. I'm so thankful and sincerely appreciate many valuable emails. Many thanks!!!!!!!!!!!!!! I liked that President Joseph Biden stated in Mr. President's email on March 31, 2022, "We are stronger today than we were a year ago, and I'm confident that we'll be stronger a year from now than we are today. Make no mistake, we would not be here were it not for our Democratic leaders at the local, state, and federal levels -- and the folks like you who helped elect them, MICHAEL." Michael is so thankful and sincerely appreciates many valuable emails. Many thanks!!!!!!!!!!!!!!

Moreover, it's the most excellent news that former President Barack Obama teamed up with Mr. President in the White House again. Thus, we got the power!!!!!!!!!!!!!! It is time to celebrate the most futuristic advanced technology in America and the world to have paradise dreams come true. They are the most significant human errors to obey the outdated American and world laws that have forced us to work against our human free will and our paradise dreams about many money problems. We need to reform the outdated American and world laws to give us the most futuristic advanced technology highest-class lifestyles for each human in the world equality immediately without delay or as soon as possible. These outdated American and world law reforms need not follow the old rules to do reforms because the outdated American and world laws are totally obsolete. All the outdated American and world laws need to be omitted. They need to have shut out either intentionally or forgetfully immediately because they are causing many terrible money problems, distressingly bad crimes, prostitution, wars, discrimination, etc., globally throughout the American and world histories. They are the most significant human errors, violating the American and global constitutions.

## The United States and G20: Building a More Peaceful, Stable and, Prosperous World Together

07/06/2022 08:27 AM EDT

Office of the Spokesperson

Secretary Blinken will travel to Bali, Indonesia, to attend the G20 Foreign Ministers' Meeting, where he will reinforce the U.S. commitment to working with key economies to advance U.S. interests and address global challenges. These challenges include: reducing food and energy insecurity; combating the climate crisis; tackling COVID -19 and strengthening global health security; and addressing the global consequences of confronting Russia's continued aggression against Ukraine. In addition to attending G20-related engagements, the Secretary will hold a bilateral

meeting with Indonesian Foreign Minister Retno Marsudi. Secretary Blinken will also meet with the People's Republic of China (PRC) State Councilor and Foreign Minister Wang Yi to discuss the U.S.-PRC bilateral relationship and global issues of concern to the two countries.

#### **The G20: An Important Forum for International Economic Policy Coordination**

- The G20 provides a platform for the United States to engage directly with the world's largest advanced and emerging economies to promote U.S. interests and meet global challenges. G20 members account for more than 80 percent of global gross domestic product, three-quarters of global trade, and two-thirds of the world's population. The agenda of the G20 has broadened since the 2008-2009 financial crisis and the first meeting of G20 Leaders to include political and social issues that intersect with relevant economic interests.
- As the current G20 president, Indonesia is hosting the G20 Foreign Ministers' Meeting from July 7-8 in Bali, Indonesia. The meeting will be the first opportunity for G20 foreign ministers to come together in person since June 2021. The United States strongly supports Indonesia's G20 priorities of galvanizing collective action in multilateral forums to address challenges, strengthening food and energy security, combating the COVID-19 pandemic, tackling the climate crisis, and addressing economic global instability.
- Secretary Blinken will engage with his counterparts from G20 members and invited partners.

#### **Reinforcing the United States Commitment to Multilateralism at the G20**

- Multilateralism is critical to mobilizing collective action to tackle global challenges, including the COVID-19 pandemic, global health security, the climate crisis, preventing famine and food insecurity, responding to democratic backsliding and rising authoritarianism, and building a sustainable economic recovery. The United States is committed to supporting effective and accountable multilateral forums and institutions. We work closely with our international partners to ensure accountability for results, at both the activity and institutional levels.
- A multilateral vision for advancing the rules-based international order must be based on international law and support for democracy and human rights. We will advance peaceful, just, and inclusive societies by: defending media freedom; preserving a free and open internet; combatting corruption; exposing and countering disinformation; protecting civic space; and promoting the human rights of all people. We commit to advancing these goals, and we call on other member states to do the same.
- The United States is leading the multilateral response to the COVID-19 pandemic, committing to providing 1.2 billion doses of safe, effective vaccines to meet global needs. As of June 30, the United States has delivered more than 563 million vaccine doses to more than 115 countries through coordinated efforts with Gavi and bilateral agreements.
- On food security, the United States convened in May a UN Security Council meeting and a Call to Action Ministerial to galvanize collective efforts to save lives and build greater resilience to shocks. There, we launched a roadmap for meeting global food security challenges. It is a remarkable statement of unity that 97 countries and counting have signed on to that roadmap. Specifically, those 97 countries, including 15 G20 members, affirmed their commitment to act with urgency, at scale, and in concert to respond to the urgent food security and nutrition needs of millions of vulnerable people around the world in seven key areas that address both immediate- and longer-term challenges.
- On the climate crisis, the United States will rally the world's leading economies to meet one of the greatest global challenges by encouraging G20 members to work together toward ambitious G20 outcomes, including by seeking commitments to keep 1.5°C within reach, to submit enhanced 2030 targets aligned with the Paris Agreement temperature goal well before COP27 in November, and take other important steps to address the climate crisis such as building on the call from Glasgow to accelerate efforts towards the phasedown of unabated coal power and implementing the Global Methane Pledge.
- In support of building a sustainable and inclusive economic recovery, the United States urges all creditors to fully and transparently implement the G20 Common Framework for Debt Treatments to avoid delays that can prolong debt overhangs and exacerbate growth shocks, and urges all members of the OECD/G20 Inclusive Framework process to join consensus in ending the race to the bottom and building a global tax system that is equitable and equipped to meet the needs of the 21st century global economy.

#### **Supporting Ukraine and Addressing Global Impacts from Russia's Full-Scale Invasion**

- Russia's affront to the international rules-based order – the order that undergirds prosperity and peace for us all – cannot stand. The United States will continue to hold the Russian Federation to account for its unprovoked and unjust war of choice against Ukraine, including in multilateral institutions and bodies. Russia's war in Ukraine makes a mockery of the UN Charter and the rules-based international system that has brought global stability and development for the past 75 years. Russia's war against Ukraine has delivered a fresh blow to global growth prospects and hopes for progress toward the United Nations Sustainable Development Goals.
- The United States will continue to engage with G20 and other international partners to address the immense humanitarian challenges stemming from Russia's full-scale invasion of Ukraine, especially the damaging effect the Kremlin's war of aggression has had on global food and energy security. The G20 must hold Russia accountable now for its failure to respond to UN efforts to reopen the sea lanes for grain delivery.
- The answer to meeting these challenges is close international cooperation and clear resolve to ensure such brazen aggression does not go unchecked. We must hold those responsible to account; there can be no return to business as usual with the Kremlin while it wages its unconscionable war.
