Dear Mr. Shannon,

Hello, I'm Dina Titus, your Congresswoman from the First District. As you know all too well, our community was hit very hard by the COVID-19 pandemic. Las Vegas faced record-high unemployment rates and our friends and neighbors needed more support than ever before. I heard heartbreaking stories from constituents throughout the pandemic, and their stories informed the creation of the American Rescue Plan.

This critical legislation put shots in arms, money in people's pockets, children safely back in school, and Nevadans back in jobs. Specifically, the American Rescue Plan provided direct payments of \$1,400 and \$2,800 to families, extended unemployment assistance programs, dramatically increased vaccine distribution, provided resources for safe classrooms and workplaces, and expanded access to affordable health care, among many other provisions. At the peak of the pandemic, these resources allowed families to keep food on the table and stay protected against the deadly virus.

The American Rescue Plan helped fight the pandemic and get the economy moving in the right direction. It helped power the strongest economic growth in nearly 40 years, with the deficit expected to make its largest-ever one-year drop of \$1.3 trillion this year. Now, as we continue working to recover from COVID's effects, we must consider those who have been impacted the hardest and provide support accordingly.

Be assured I will keep working to get Nevada's economy thriving again.

I hope you will continue to keep me up to date about issues that are important to you. I also invite you to stay informed of my work by following me on Twitter, [@RepDinaTitus](#), Facebook, [facebook.com/CongresswomanTitus](#), Instagram, [DinaTitusNV](#), and by visiting my website, [titus.house.gov](#).

Dina Titus
