Michelle Obama is personally asking YOU to help Catherine save our Senate majority, Michael! She knows our razor-thin majority is the ONLY thing stopping Republicans from passing a nationwide abortion ban!

Unfortunately, Catherine Cortez Masto is the most vulnerable senator in America. She's behind in the polls. And if she loses, anti-choice Republicans will retake the Senate and ban abortion in every corner of America!

That's why Republicans have already spent \$4 million viciously attacking her and just poured another \$15 MILLION into this race. If grassroots Democrats don't step up NOW, we will lose our Senate and all hope of protecting the right to choose. **So please, will you**
