Even though we turned out a record number of voters in Virginia last year, it simply wasn't enough to hold our ground against the GOP. Those results should serve as a wake-up call heading into this year's midterms.

It's time *to put the pedal to the metal* -- **and one of the best ways of doing that is by supporting the DNC.** We are already investing in crucial programs that will build the foundation for Democratic victory in this year's midterms. Take a look:

- **An innovative approach to organizing:** Republicans are hellbent on taking back power, and we need to build up our volunteer network to fight back. Your support helps leverage every volunteer who wants to power our work to contact, educate, and turn out hundreds of thousands of voters.
- **Voter protection before, on, and after Election Day:** Once we mobilize voters to head to the polls -- and in the immediate aftermath -- we must ensure every vote gets counted. Voter suppression is a feature of the modern Republican Party, and we need to invest earlier than ever before to protect our right to vote.
- **DNC data and technology powers nearly every Democratic campaign:** Our state-of-the-art data and tech infrastructure helped to support thousands of Democratic candidates and campaigns last election cycle. Grassroots support allows the DNC to continue these efforts and more to elect Democrats up and down the ballot and make all of our work more efficient and effective.

So what do you say, MICHAEL? Will you donate \$7 to the DNC and invest in the success of Democrats nationwide today?

Rather than serving the people they were elected to represent, Republican lawmakers have fought Democrats on every front, be it attempting to obstruct our legislation to lower costs for families or launching anti-voter attacks in states nationwide. We have not -- and we cannot -- allow them to win.

It's up to each and every one of us to make sure we have the resources to set Democrats up for success in all 50 states, the territories, and D.C. this year. Together, we can lift Democrats' efforts and fight back against Republican obstructionism. But we're going to need you on board, MICHAEL.

Make a \$7 donation to show just how committed you are to electing Democrats nationwide this year.

Thank you,

Sam
