Fairly, let us stand up and fight for the American and international people to have financial freedom forever. All the world's money problems have caused terrible, distressingly bad crime, prostitution, war, discrimination, and so forth in the low-class lifestyles. Honestly, the US and world governments can legally and easily print money from the treasury department, so the US and world governments should give all American and international people financial freedom. Our American and the outdated International Laws need to automatically reform to provide all American and international people financial freedom forever. Thus, we can enjoy our real freedom lives. We can't keep hurting ourselves about money problems because we can legally print the money quickly, and we need the most significant break in our lives if we can. The world government can legally print money from the treasury departments. Still, many people in the world are hurting for cash and desperate for money, so our world money problem human rights need to be the most priority and justice. We need to end all low-class and middle-class lifestyles as soon as possible. We need to live only in the highest-class lifestyle world.

Furthermore, our outdated American laws and International Law in the world have forced our human value meager. We did not have quality lives as we should or did not have the correct human rights. These are significant human errors, so we need to automatically replace the American laws and the International Law outdated to give all people in the world trillions and trillions (US dollars) or the world currencies in their bank account all the time so that we can enjoy our real paradise lives. All world governments need to reform their outdated laws to give everybody financial freedom and peaceful life forever. They need to raise their country's government budgets to the highest accounts possible or unlimited grants to fund everyone who has a money problem globally. Thus, we need to end the low-class and middle-class lifestyles as soon as possible. We need to live only in the highest-class lifestyle world. When we have the highest-class lifestyle world, war, crime, COVID-19, climate change, and inequality will be under control so that everybody in the world will enjoy the real paradise lives or have peace with full of enjoyment world forever. This human right needs to be a priority, and it needs to be justice. We need to end all low-class and middle-class lifestyles as quickly as possible. We need to live only in the highest-class lifestyle world.

Moreover, International Law needs to reform to get the highest money power to keep the peace, fix climate crises, and help everybody in the world to have real paradise lives with the correct financial freedom. Our world will be genuinely remarkable when all human beings in the world live with the wealthiest superlative advanced technology, highest-class lifestyle independently, peacefully, and equality. It means all political parties in the world will come to be balanced, and it also means we will have a peaceful world full of enjoyment. We need to end all low-class and middle-class lifestyles as soon as possible, and we need to live only in the highest-class lifestyle world. Thus, the World Bank Group and the International Monetary Fund need unlimited contribute grants to the pandemic and all money problems in the world without delay or as soon as possible. We can not hurt ourselves about money because we can legally print money papers quickly or make a direct deposit quickly. This human right needs to be the most priority and justice.

Finally, I will contact World Bank Group President David Malpass to fund everyone globally to have trillion and trillion US dollars and the world currencies in our bank account. Thus, we can
