

October 15, 2021

The Honorable US Congressman Jeff Duncan  
US House Representative (Republican Serving South Carolina's 3rd District)  
2229 Rayburn HOB  
Washington, DC 20515

Dear US Congressman Jeff Duncan:

Congratulations!!!!!!!!!!!!!!

Happy Friday, October 15, 2021!!!!!!!!!!!!!!!!!!!!!!!!!!!!

I wish you and your family will have the most excellent Friday!!!!!!!!!!!!!!

I wish you and your family will have the most magnificent magical year in 2021!!!!!!!!!!!!!!

It was the highest honor to receive your email today October 15, 2021. Thank you very much for taking your time and sent a valuable email. I'm so grateful and deeply appreciate your time and helpful email. Truthfully, I think you are one of the most brilliant, gifted, mastermind Einstein, most outstanding intellect, brain, and physical US Congressmen in American history. Keep up your most exceptional works. I have viewed your background, and I think you are really caring for the poor American people about human rights, money problems, and many more. Honestly, I have seen you work very hard as you tried to help the poor American people from time to time. The easier way to help the money problem people in America is to give them all financial freedom for each American, including all American newborn children, immediately or as soon as possible so that you don't have to work very hard as you try to help them. I think we got the most superlative advanced technology today, so we need to work more smartly. We can not follow the old system laws and policies that force us to work very hard and get nothing in the end. For example, our American people have to work very hard until the age of 65 and get about \$1,500 payment from retirement benefits. All business owners and workers have worked so hard for all lives to pay for their debts like rents, mortgages, loans, and many more. It was a significant human error that we had all the sadness and terrible lives throughout American history. We need to stop this terrible life immediately or as soon as possible so that we can enjoy our real American paradise life. This human right needs to be the most priority and justice.

Dear Jeff: The reason I write to you today is that you are a true American hero or you are the greatest Superman. Keep up your most exceptional works. Please help me to write a letter together with many US Representative co-signers to Mr. President Joe Biden, US Senators, and House Representative to reform our American law to give all American people financial freedom immediately or as soon as possible. Thus, we can enjoy our real American paradise dream. This human right needs to be the most priority and justice.

Jeff, you are our true American hero, and please help!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!! It would be best if you understood that this American law reform is a win-win situation. It means

it will help all American people that will include both Democratic and Republican parties. Thus, we can reform our American law automatically immediately without delay as possible, without going through the old vote rule process from the Democratic and Republican parties. It is a time that we need a big celebration for our lives. We need to enjoy our true paradise because we are the only human beings born to be the happiest lives forever. We don't create to be the punisher, sadness, and terrible lives forever. Please review my research about some co-signer letters at the links below:

Additionally, thank you very much for many of the greatest works from you, Economics Security Project Organization, US Senator Catherine Cortez Masto, US First Lady Dr. Jill Biden, President Joe Biden, Vice President Kamala Harris, US Senators, House of Representatives, Nancy Pelosi – Speaker of House Representatives, Senate Committee Budget Chairman Bernie Sanders, Majority Leader Chuck Schumer, the Committee on Ways and Means, Chairman Richard Neal, President Donald Trump, Democratic Party, and Republican Party have helped the American People to survive from the COVID-19 crisis. Especially, the World Bank and the International Monetary Fund (IMF) have contributed many grants and loans to help people globally to survive during the COVID-19 crisis. The World Bank and IMF both try to promote international financial stability and monetary cooperation. Their mission also facilitates international trade, promotes employment and sustainable economic growth, and helps to reduce global poverty. The World Bank has 189 member countries and the IMF has 190 member countries, and they commit to reducing poverty and making the world the wealthiest place possible. Truthfully, the World Bank Group and International Monetary Fund have funded many grants and loans to many countries worldwide during the Coronavirus (COVID-19) crisis. Please review more information about them at the links below:

Furthermore, I recently received an invitation email from the United Nations Association (UNA) – USA Communication Officer Gillian Wilson for the Affinity Group Co-Chairs of UNA – USA position on August 26, 2021. Moreover, I have reviewed the UN Universal Declaration of Human Rights, and I have seen that the UN Universal Declaration of Human Rights needs to be reformed immediately or as soon as possible for everybody globally to have financial freedom. We need to live only with the highest-class lifestyle world equality, supporting and advancing LGBTQIA+ rights. We need to end the low-class and middle-class lifestyles as soon as possible. Please review my learning about the UN Universal Declaration of Human Rights and the UNA - USA background at the links below:

Moreover, I received the response email from Gillian Wilson, Communications Officer of the UNA-USA. She said, “Thank you for your email. Please excuse any delays in my response as I am currently on vacation until Tuesday, October 5. I will get back to you as soon as possible upon my return. Should your matter be urgent, please email [membership@unausa.org](mailto:membership@unausa.org).” I have emailed Farah Eck, Rachel Pittman, Victoria Deng, and Madeline Hren of the UNA – USA Team about my UN Universal Declaration of Human Rights Reform. I hope it will be done shortly so that each of us will live like the wealthiest king and queen with superlative advanced technology, independence, equality, and a peaceful, highest-class lifestyle. Each of us will have trillion and trillion US dollars and the world currencies in our bank account. Thus, we can buy all 8K autonomous computer exotic cars, autonomous cruises, autonomous spaceships, automation luxury houses by the beaches, and so forth, like today and the future to come.

Finally, I also have learned that the United Nations created by the 50 most excellent countries included the Big-Five: China, the United States, France, the Soviet Union, and the United Kingdom (the five victors of World War II). The United Nations missions to keep the peace, honor equality, and most prosperous globally. Today, the United Nations has 193 government

countries like the World Bank Group has 189 member countries, and the International Monetary Fund has 190 member countries together more than one big family. Thus, we should love each other like the greatest friend. We should build the most excellent superlative futuristic advanced technology and enjoy the real highest-class lifestyle world together independently, peacefully, and equally financial freedom for each human globally, including the newborn children. We should enjoy the greatest superlative advanced futuristic technology with absolute financial freedom paradise highest-class lifestyle together forever. Please help!!!!!!!!!!!!!!!!!!!!

The most fantastic news is that the 22-year-old Stepdaughter Ella Amhoff of our US Vice President Kamala Harris is wearing a red Stella McCartney diamond mesh bodysuit. Ella Amhoff has shown the futuristic look with sparkling eye gems and Cartier jewelry as our paradise dream has come true for real. Each of us will live like the wealthiest king and queen with superlative advanced technology, independence, equality, and a peacefully high-class lifestyle. Each of us will have trillion and trillion US dollars and the world currencies in our bank account. Thus, we can buy all 8K autonomous computer exotic cars, autonomous cruises, autonomous spaceships, automation luxury houses by the beaches, and so forth, like today and the future to come.
