

HCTA NEWS

July 1989

(55)

"Poach" does not necessarily refer to your four-legged barker with the flea collar. "Switch" is not a term used only by wife-swappers. "Net Play" is not indicative of a couch potato sitting himself in a string hammock. Had you, Sports Fan, been in attendance June 24th at the Harder Hall Courts, you too, could have discovered that the forementioned are verbal descriptions expressed by tennis players in pursuit of methods of improving their doubles activities. KEN HAYSLEY, one of Highlands County's most knowledgeable teaching professionals, amicably agreed (while bound and gagged) to conduct a clinic for local players desirous of improving their doubles skills and strategy. Ken's benevolence in assisting those of us with less proficiency has established him as "a legend at his own crime." In all seriousness, Ken's contributions to the local tennis community are highly appreciated and rarely rewarded. Small wonder the Sebring High Team is so successful. So was this HCTA Clinic. The Photo shown depicts the newfound joy in the faces of those who attended.

Highlights included Jo assisting Ken, Lowell pushing small T-Shirts and Elsa doing something with bird feathers.

We have been deluged with an influx (two) of calls clamoring for recognition of Lowell Fricker's achievements on our organization's behalf. Lowell, you did it! You have been selected (fanfare by Mormon Tabernacle Choir) MEMBER OF THE MONTH!!! What better way to celebrate Father's Day than to be the M.O.M.?! Once wife, Gail, discovered and curtailed our selectee's mistakenly using Krazy Glue instead of Preparation H, Lowell has been so much more active. Real ingenuity was required when our guy tried to increase HCTA membership by merging with the A.D.F.P.U. (Amalgamated Dentist and Fruit Pickers Union). Just because we ordered too many small T-Shirts - No Problem, don't worry, be happy - Lowell sells them to folks with large dogs. No accident that half the local winos are wearing HCTA garb. The improvements at Harder Hall are endless: The ball boys look great in their tuxedos, the valet parking, the limo service - great stuff, Lowell. The Clubhouse Restaurant now serves the MOM favorite, marigold salad with cheese wiz topping because Lowell is a vegetarian. A member with true impact.

"Breakfast at Wimbledon" can be shared by those of us here in central Florida, thanks to HCTA. The Men's finals will conclude the classic on Sunday, July 9th. The NBC telecast will begin at 9:00 a.m. and continue through 3:00 p.m. HCTA's role will be to enlist the Harder Hall Clubhouse with large screen TV where we'll enjoy the traditional Wimbledon fare of Strawberries and Cream and Champagne. We ought to have a good time in this kind of setting. McEnroe has promised to drop his pants on center court if Chang makes the finals. We'd like to see the clean-cut Michael in the finals just the same. HBO uses the BBC Broadcast

from center court and court one, a pleasant change from NBC and Bud (I invented, played and know everything about the game) Collins. If you watch much of the fortnight's coverage leading up to the finals, you will want to attend this function. A \$5.00 donation will be your only obligation. Come at 9:00 a.m. or come after church. Phone Susan Foster at 382-3103 or Jean Rosser at 385-4548 for reservations.

Introducing five new guys who are just making their way into the HCTA before the membership cap takes effect. These men all appear healthy enough to endure our initiation so we will ignore the formalities and introduce GARY CLUER A young man from Okeechobee who sleeps with a ski mask on and tie-die pajamas with a little flap in the back. BOB FULCHER A recent Nashville arrival known to spend his "quality time" by going to doctors offices reading old National Geographics. ED LYNCH - A local sportscaster who thinks the bowling alley is a radio station. LOU MEZIE - Doing better now that his wife made him take out the garbage instead of bring it in. JAMES MUNK - Recruited at clinic because of his fine athletic ability. James does a great slam dunk.

ANNOUNCEMENTS OF CURRENT INTEREST

- Students may play on Harder Hall courts free of charge.
- Persons who have ordered T-Shirts should arrange to pick them up from Lowell Fricker immediately to obtain proper sizes.
- "Cool Time" Tennis Tournament info follows:

Tennis

"COOL TIME" TENNIS TOURNAMENT

NEWS FLASHES!

- Supreme Court says it's O.K. to burn American Flag, just don't let it touch the ground.
- Juveniles can be prevented from shooting one another in Florida by outlawing children in this state.
- The new coin-operated electric chairs are soon to be installed in convenience stores.
- Changing TV channels via remote devices will replace other aerobic exercise.
- A new school for aspiring politicians will give scholarships to students who cheat their way thru college.
- To accomodate large earrings, roofing nails will be used to pierce ears.
- Winter residents of Highlands County will allow their homes rented to Canadians for the summer. The proceeds to go to new tennis courts.
- The NRA plans to rent shotguns to those needing seats on crowded buses.
- Local fad is to chug-a-lug fruit cocktail and lock cows in police cars.
- Main study course for Advanced Couch Potatoes will be Nap Taking.
- Insanity found to be hereditary-You get it from your kids.
- The signs on the main highway thru Sebring do not refer to "27" as the speed limit.

On June 13th, a meeting of HCTA officers and committee heads convened at Golden Corral of Sebring. We were given discount coupons for the evening meal in an effort to stimulate our mental and physical capacities. Topics discussed included social events, dues, tournaments and the merit of front versus rear fastening bras. Results of these subjects will certainly be implemented in the months to come. The more active members attended as usual. If our general membership became more active, you too, could find your name mentioned here in. We do tire relating the efforts of the same persons. If you will submit any ideas, news or opinions to yours truly, said writing will appear, verbatim, in the subsequent newsletter, with your byline. Tell us what might be on your alleged mind. Want dues raised or lowered? Want to recall your officers? Need a date for Saturday Nite? Maybe you've discovered a good drug for athletes' feet, or you want to complain about your relationship with your mother. Whatever it is, write it down, sign it and send it to
