Today, American Olean continues to inspire with cutting-edge designs and processes that redefine what tile can be. While our passion for quality drives us, it's our loyal customers and commitment to genuine, caring service that make us Proven in Tile. SETTING TRENDS, NOT FOLLOWING THEM.

Born in Sassuolo, Italy, the heart of ceramic innovation, Marazzi has been redefining tile design since 1935. With a bold vision, Marazzi brought Italian craftsmanship to the U.S. in 1982, establishing the first Italian-owned ceramic manufacturing plant and delivering iconic style with unparalleled accessibility.

Renowned globally for its trailblazing designs, Marazzi sets the standard for bold, trendsetting ceramic coverings. By collaborating with leading voices in fashion, art, and architecture, we redefine what's possible in tile. Marazzi doesn't just create tile; we craft unforgettable statements that inspire confidence and individuality.
