

### **Possible or Confirmed workplace COVID-19 Exposure Questionnaire directive**

OPSEU recommends that members concerned that they may have been exposed to the COVID-19 virus while working review and complete applicable questions within for your personal records and possible future WSIB claim.

OPSEU also recommends that you complete the WSIB Workers Exposure Incident form attached and send to WSIB in an effort to document crucial details should you subsequently contract COVID-19.

### **Workplace and Client Exposure to COVID-19**

- Have you been exposed to an a-symptomatic client who has since become symptomatic or has tested positive? When? Where? How?
- Did you report exposure to your employer, a co-worker, JHSC, or medical personnel?
- Have you experienced symptoms?
- Have you been tested?
- Have you been either ordered to or has it been suggested that you self-quarantine?
- If so by who and when?

# PENSIONS AND BENEFITS

## Worker and co-worker exposure to COVID-19

- Have you or anyone in your household traveled outside of Canada within the last 14 days?
- Did any of your co-workers have a travel history outside of Canada within the last 14 days?
- To the best of your knowledge, did you come in contact with anyone outside of your workplace that had a travel history outside of Canada within last 14 days?
- To the best of your knowledge, did you come in contact with anyone outside of the workplace that was a suspect or confirmed COVID-19 diagnosed person within last 14 days?
- To the best of your knowledge, did you come in contact with anyone outside of the workplace that had undiagnosed COVID-19 symptoms within last 14 days?
- What exact date did you start working with the suspect or confirmed COVID-19 co-worker?
- What exact dates did you work with co-workers who had a travel history outside of Canada?
- What exact dates did you work with co-workers who had COVID-19 symptoms but no travel history?
- Did any of these co-workers with a travel history work while displaying any COVID-19 type symptoms?
- Did you report exposure to your employer, a co-worker, JHSC, or medical personnel?
