April 20, 2024

## VR2ME PACKAGE

- X 4 VR HEADSET
- X 2 IN-GAME DISPLAY
- X 1 GAME MASTER

### Guide for Game master duties

Here's a detailed breakdown of your 1/2/3-hour VR party game master to-do

#### **Setting the Stage (10-15 minutes):**

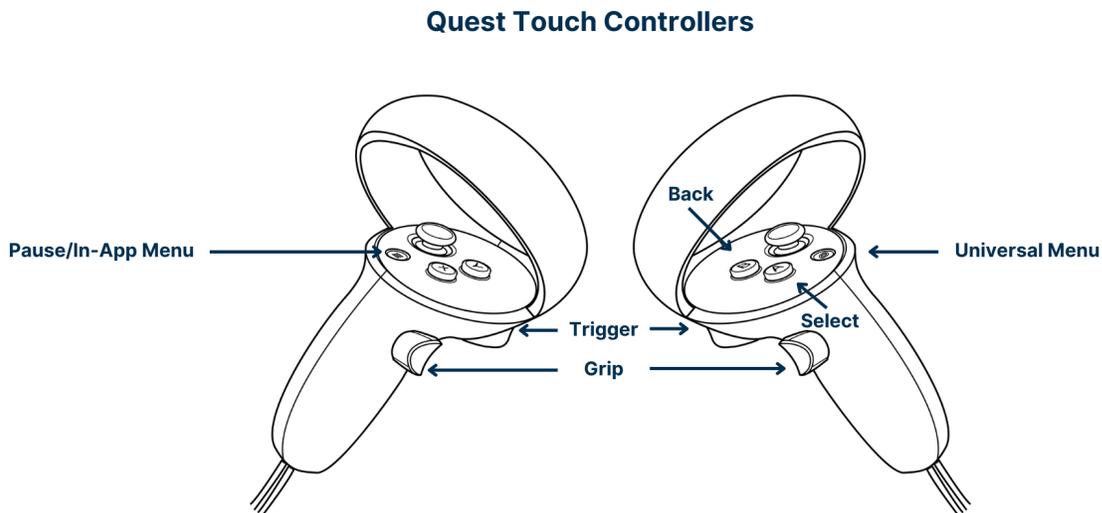

Locate 2 power points.

connect 2 headsets onto each of the power points

Power on each headset. Ensure

- 1) Each headset log on the right account.
- 2) Ensure wifi is connected
- 3) Open the game app
- 4) Set the game into multiplayer mode and ready to be play

## Mastering the Controls (10 minutes):

### Guide the Controllers

1. The Trigger and Grab button
2. Press and hold Home button to re-center the view
3. How to make thumbs up for Cook out

### Explain the Headset

1. The power button
2. The volume rocker
3. The lens are pre-set
4. Notes for spectacle wearer
5. Precaution about the headset lens. DO not touch the lens, if is dirty approach the game master to wipe it with lens cloths
6. We will help the player to adjust for the 1st time. Seek the player to remember their lens focal setting

## The VR Arena Awaits (1/2 hours and 40 minutes):

**Live gameplay:** setup the 2 tablets, ensure

1. Wifi is connected
2. Casting works fine
3. Please charge tablets when battery is low >30%

**Instructional videos:** are located at my main website. Using the Chrome -> home -> game guide. Game guide [link](https://vr2me.sg/vr-guide?blogcategory=Game+Guide) (https://vr2me.sg/vr-guide?blogcategory=Game+Guide)

### **The Games Galore (10-15 minutes per round, 4 players per round):**

1 epoch= all players have played once

1 round= the group of 4 players playing

To save time, do not change games within 1 epoch.

1st epoch will be the same game. After 1 epoch which seek the Sponsor/players if they want to switch games.

Each round will consist of 3 gameplay. Example; 3 songs in beat saber, 3 rounds of servicing in cook out and 3 rounds of shooting in battle bow. Do note 10 to 15 mins per round. And players need to rest their eyes.

While removing their headset, check if they are feeling ok, and are not dizzy or nauseous.

## On-Site Considerations:

### Hygiene First:

After each round, wipe off the perspiration from the silicon frame using dry tissue.

After each epoch, wipe off the controller with sanitized wet tissues.
