* I think we can say the following, "Not at this point. The program has been highly successful operating at 6-beds, and prior to making any changes such as expanding to 8-beds, we want to demonstrate that we will have no impact to the neighborhood and will be good neighbors. The grantor has given us an extension of 2-years before we need to look at expanding the number of people served in the program."

Hi Erik-

I think I need your assistance on a response. Can you help explain the legislative changes and plans for meeting the expansion requirements?

Hey Zach and Monica,

Is there a plan to increase the number of individuals served from 6-8 once the program is relocated to Estates Drive?

In health,
Dana
