

DOWNLOADING *SPRAYHUB*TM- “ANDROID DEVICES”

1. Pull up the E-Mail from Tomecek Agronomy with the Install Link:

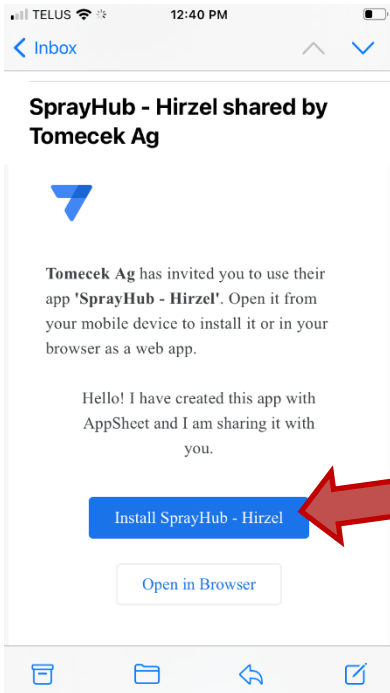

Once your Consent Form has been received by Tomecek Agronomy, you will receive an e-mail with an invitation to download *SprayHub- Hirzel Edition*. Click on the blue “[Install SprayHub- Hirzel!](#)” button.

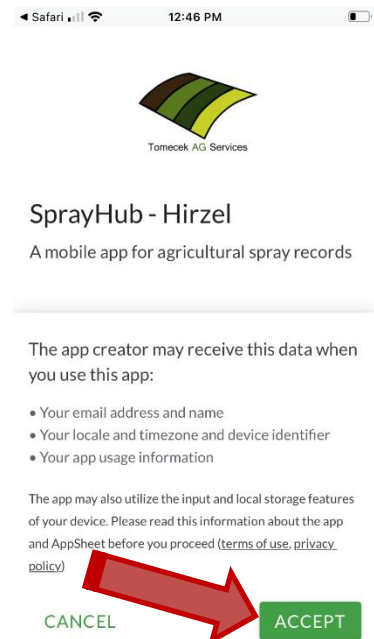

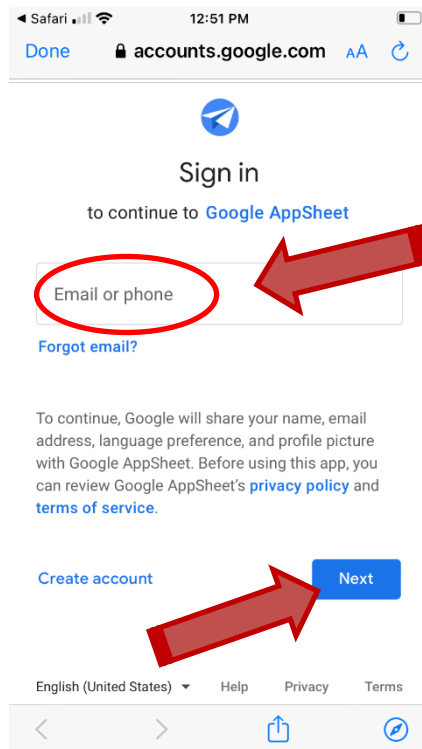

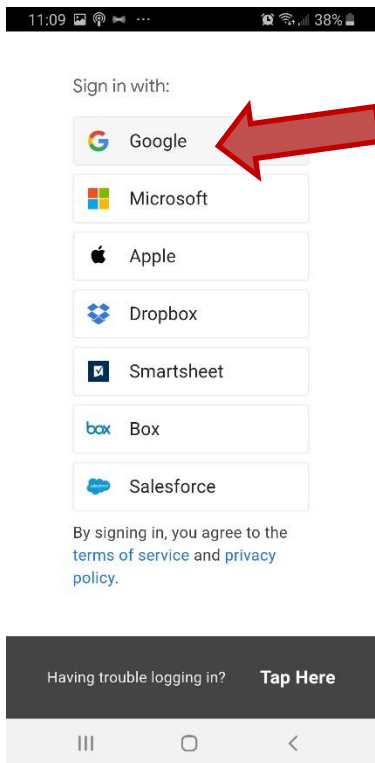

2. Download AppSheet (the platform on which *SprayHub* runs)...but do not “Open” it.

3. Return to the Email with installation link, then click “Install *SprayHub*” once again...

4. You will choose to sign-in using Google, then enter your new Google ID from Hirzel and hit the blue “Next” button, followed by the green “Accept” button.

5. Add a *SprayHub* Icon to your phone's home-screen:
