

A photograph of three wine glasses on a wooden table. The glass on the left is partially filled with white wine. The middle glass is a large snifter, partially filled with red wine. The glass on the right is a smaller, ornate glass, also partially filled with red wine. A light-colored cloth is draped behind the glasses. The background is dark and out of focus, showing shelves with bottles.

About Us

220 Wine & Spirits was born from more than a decade of curating unforgettable wine and spirits experiences through Wine Crawl.

After 10+ years of producing events, tastings, and elevated beverage experiences, we saw a growing need for better access to high-quality, story-driven brands. That insight led to the creation of 220 Wine & Spirits—a boutique distributor built to connect exceptional wines and spirits with the communities, venues, and experiences that appreciate them most.

Our foundation in events, education, and relationship-building continues to shape our commitment to quality products, thoughtful partnerships, and exceptional service.
