A BIG HEAT SPELL AHEAD – STARTS AUGUST 8TH! UK & IRELAND WEATHER UPDATE

The Expected & On-Cue August Heat & HOT Weather Is Now On & Imminent + The Hottest Summer Ever Also Pends...

This is also as covered in our now over 2-weeks ahead forecast for these exact dates and also additionally for within our longer range summer efforts for these same dates in August:

<https://www.facebook.com/share/p/19Mh2uF3sV/>

Also, see our HOT summer and HOTTEST summer ON RECORD claims for this year on two separate platforms from much further ahead than anywhere else and for which we (myself/Exacta) were massively ridiculed and sent abusive content on here by others (Facebook) and also more recently prior to the release of the mid-summer statistics from elsewhere 🤔:

<https://www.facebook.com/share/p/19FZmoqsk8/>
<https://www.facebook.com/share/p/1EnXaFXXAx/>

<https://vm.tiktok.com/ZN812ck7C/>

The full Autumn forecast is now also ready to view and the preliminary Winter 2026/27 will also be published to the members' area shortly...
