INTRODUCING STEPH PAYNE

Steph Payne is a powerhouse songstress with a four octave range. She has hit the Las Vegas scene to critical acclaim. From Gospel roots to belting out top 40 cover tunes, to now writing and executive producing her new EP project, she is an entertainer worth looking out for.

A TRUE SERVANT

Mother and sergeant, who served during the Iraq War, makes her style sweet and rugged, soft and sassy, memorable to all who have the opportunity to hear and see her talent.

CHARISMA. BEAUTY. FASHION.

Steph Payne has dynamic charisma and a mesmerizing ability to connect with her audience. Soulful and beautiful with the appearance of stepping off the cover of a high fashion magazine. She takes her stage name "Payne" inspired by her maternal grandfather Jimmy Payne who was an actor and stage performer in Hollywood during the 1950's through the 1970's.

Steph Payne has the finesse, class and femme fatale to bring the masses to their feet in dance and applause while killing the fashion scene.
