Carrying Money: It is the personal choice of each traveler to carry the amount of money you wish for meals not mentioned in itinerary, shopping, etc.; recommendation- minimum \$50 per person per day should be sufficient, only a suggestion; you may wish to spend more or less. *Most major credit cards are accepted in establishments.*

Money Exchange: The Currency in Morocco is the Dirham. Because it's a closed currency you'll most likely need to exchange cash upon arrival in Morocco. When exchanging money upon arrival, make sure that you have clean, crisp bills. Exchanging traveler's checks **can** be difficult in **Morocco**. Make sure to keep the receipts so that you can exchange any leftover Dirhams back at the end of your trip. Or even better, spend everything while you're there so you can avoid being hit twice for fees. The currency in Spain is the Euro; the US-\$ is weak in Europe. The same above rules apply when exchanging money in Spain.

Using your Credit Card in Morocco & Spain: When it's possible to pay for goods and services by **credit card**, MasterCard and Visa are accepted, but rarely **American Express**. Diners Club and Discover **cards** are not accepted in **Morocco**. *Morocco* is still very much a *cash* society. Throughout the country, it's very difficult to *cash* traveler's checks or *use* credit cards. Euros are by far the easiest foreign *currency* to exchange, and are often accepted as payment if you don't have any dirham on hand. Europe welcomes most payment types; however, we recommend staying away from Travelers Checks and Discover Credit Card.

Gratuity: It is customary as a group to offer gratitude for our Tour Guides, Drivers & Land handlers. The recommended amount for tipping is \$11 per person per day (12-days on ground & handling = \$132 per person... we ask that you place your \$US-Dollars in a sealed envelope with your name and amount on the outside of envelope for collection upon arrival OR you are welcomed to pay in advance.

Eating food & Drinking water in Morocco: Most all foods in Morocco are safe to eat, especially their cooked foods, peeled fruits & vegetables. Uncooked foods, like salads are not recommended, due to it being washed in their tap water. Street foods are very delicious, however be selective in your choices. Drink only bottled water. Bottled water is widely available throughout Morocco and is relatively very cheap. You can brush your teeth with their tap water; however we suggest using bottled water.

Do I need Vaccinations?

Immunizations are not a requirement for US Citizens traveling to Morocco & Spain and you are up to date with routine vaccines. These vaccines include measles-mumps-rubella (MMR) vaccine, diphtheria-tetanus-pertussis vaccine, varicella (chickenpox) vaccine, polio vaccine, and your yearly flu shot. Also recommended; Hepatitis A & B. Please follow your own medical needs. You may also have had the Hep. A&B and others... consult with your physician.

Phone Adapters & Power Converters: Do I need Power Adapters (USA to Morocco & Spain)?

Yes, Electrical Power Adaptors are needed for Morocco & Spain; the power sockets are of type C and E. The standard voltage is 220 V and the standard frequency is 50 Hz.

International Adaptor Samples:

Make sure to invest in a Universal Adaptor; can be purchased online, Walmart, Staples and or most electronic stores. The cost is minimal.
