Monday – 12 Dec 2022

This morning the group will be taken on a guided tour of Victoria Falls, one of the *Seven Natural Wonders of the World*. This walking safari takes you through the magnificent rain forest where you are able to view the Cataracts, Livingstone's statue and a wide variety of birds and plants. Complete the day with a *Sunset Cruise on the Zambezi River*.

The **Victoria Falls** are situated on the Zambezi River, on the border between Zambia and Zimbabwe. They are approximately 1.7km/1mile wide and 128m/420feet high. They are considered a remarkable spectacle because of the peculiar narrow slot-like chasm into which the water falls, so one can view the falls face-on.

David Livingstone, a Scottish explorer, visited the falls in 1855 and renamed them after Queen Victoria, though they were known locally as Mosi-oa-Tunya – “the Smoke that Thunders”. Livingstone was so moved by what he saw that he wrote: “*Scenes so lovely must have been gazed upon by angels in their flight*”. The Victoria Falls is the largest single sheet of water in the world and is a UNESCO World Heritage Site.

The great **Zambezi River** starts in northwest Zambia and meanders for 1700 miles through several countries and empties into the Indian Ocean at Mozambique. This great river affects thousands of people and animals along the way. The sheer volume of water that flows through this planetary vein and manifests its grandeur at the famous Victoria Falls, cannot keep from stirring an emotional response from all who visit. You're likely to see Hippo, other animals, birds of prey, and even some elephants, along the riverbank or on one of the many islands that occupy this wide river. Tonight enjoy dinner at the Makuwa-Kuwa Restaurant at the lodge.
