

## We Hunt Arizona Hunting Guides/Arizona Hunting Outfitters

### Camp Rules and Etiquette for our Mock Hunting Guests During Your Stay With us

1. Never go out exploring alone. Make sure you have a GPS incase you go exploring without a guide. If you do not have a GPS, exploring without a guide is not recommended and is against camp rules. We Hunt Arizona will not be held accountable if you get lost or worse, hurt.
2. Fires are to be in approved fire rings. No fires are to be left unattended and must be properly extinguished.
3. Do not dig holes; do not cause harm or damage trees or other vegetation. Practice no trace camping and hiking.
4. Use of fireworks or other explosives within campsite and other recreation areas is prohibited.
5. Help prevent pollution by keeping garbage, litter, and foreign substances out of lakes, streams, and other waters. All garbage and litter must either be deposited in containers provided, or taken with you when you leave.
6. We allow alcohol in camp. However, we have a ZERO tolerance to the consumption of Alcohol at any time during active hunting. This means if you have a beer for lunch, it will be 2-3 hours after your beer before the afternoon outing begins. No alcoholic beverages will be allowed while in the field or directly before going in the field. After your in field guided excursion is finished for the day and you are back in the outfitters camp, feel free to enjoy beer or wine (no glass or hard liquor is allowed) in hunt camp either with your dinner or around the camp fire. We request that guests remember excessive alcohol use will not be tolerated.
7. No weapons allowed.  
Your guide will be armed in case of any animal encounter that may result in injury or harm to our guests.
